Community Advisory Committee Agenda

Date | Time: October 12, 2022 | 3 PM

Emergency TIP Amendment process to ensure project funding was not delayed or removed. The Annual Roll Forward Report is a routine action and part of the annual process for all MPOs. The Roll Forward Report reconciles differences in project information between the TIP and FDOT's Adopted Five-year Work Program. The Roll Forward TIP Amendment covers the gap between state and federal fiscal calendars for federally funded projects that were not committed/authorized during the previous state fiscal year. The Roll Forward Amendment ensures project information is reflected accurately in the TIP so federal funds can be authorized for project expenditure. Staff recommends approval of the Motion to approve the Emergency TIP Roll Forward Report Amendment.

VI. DISCUSSION ITEMS

A. Recommendation to the Board to be part of the Regional Transportation Management and Operations Program (RTSMOP). In March 2021, eight metropolitan planning organizations (MPOs) in Central Florida formed an informal Regional Transportation System Management and Operations (TSMO) Working Group to share strategies on planning for TSMO, including congestion management. Members include MetroPlan Orlando (lead agency), Forward Pinellas, Hillsborough TPO, Pasco County MPO, Polk TPO, Sarasota/Manatee MPO, Space Coast TPO, and River-to-Sea TPO.

MPO staff recommends the MPO join with the M/TPOs to plan and advance TSMO strategies in RTSMOP.

C. 2045 Long Range Transportation Plan Amendment #2 and Call for projects.

In August 2022, the MPO received a request from FDOT to amend the 2045 LRTP, adding a new project to the fiscally constrained list of Lake County roadway projects. An LRTP amendment is required when adding a regionally significant project that requires FHWA or FTA funding or approval, per the FDOT MPO Handbook. The details of the amendment appear in the attachment below. At this time, the MPO is requesting that the submission of any new county or municipal projects awarded using federal funds be included in this LRTP amendment process, which will begin in February 2023.

Project: FM# 435541-3 Citrus Grove Road Phase II \$8m for Construction Phase

D. Regional and Local Multi-use Trail Update – County and MPO staff and Michael Stephens will provide an update on the regional and local trail projects in our area.

VII. PRESENTATIONS, STATUS REPORTS

- A. Transit Update
[Lake County Transit Report October 2022, Sumter County Transit Report October 2022](#)
- B. **Urban SDK – GIS Data and Analytics Platform – MPO Project Review** - The MPO has contracted with Urban SDK to create a GIS dashboard to be used internally and with the public. The first dashboard will be a comprehensive traffic count and safety data dashboard for all roadways in the MPO planning area. Future projects will include a State of the System Dashboard to facilitate an easy-to-use complete view of all current, planned, and programmed roadway projects. MPO Staff and project consultants will provide an overview of the project. [AADT Estimation Method Overview](#)
