LAKE-SUMTER METROPOLITAN PLANNING ORGANIZATION

RESOLUTION 2024-10

RESOLUTION OF THE LAKE-SUMTER METROPOLITAN PLANNING ORGANIZATION (MPO); AMENDING THE FYs 2025-2029 TRANSPORTATION IMPROVEMENT PROGRAM (TIP) ADDING:

- (1) PROJECT #447990-2 A LOCAL AGENCY PROGRAM (LAP) PROJECT MANAGED BY THE CITY OF LEESBURG. THE CITY HAS OPTED TO USE DISTRICT FIVE'S CONTINUING SERVICES CONTRACT FOR DESIGN SERVICES. THERE IS NO ADDITIONAL MONEY ADDED TO THE PROJECT BUT A SECOND SEGMENT (-2) FOR THE PROJECT IS ADDED TO THE TIP.
- (2) TO ACHIEVE PLANNING CONSISTENCY FOR THE US 301 WIDENING PROJECT (#430132) THE PROJECT HAS BEEN PROGRAMMED INTO THREE SEPARATE SEGMENTS. AS SUCH, PROJECT LIMITS HAVE CHANGED ON #430132-1. A NEW SEGMENT #430132-3 HAS BEEN ADDED. SOME FUNDING INCREASES ARE REFLECTED FOR THE DESIGN-BUILD (DSB) PHASE AND FUNDS FOR THE DESIGN-BUILD (DSB) PHASE HAVE BEEN MOVED FROM 430132-1 TO 430132-3. THE AMENDMENTS ARE FOR PROJECT PHASE AND COSTS WHICH HAVE CHANGED IN FY 2025 ONLY
- (3) ADDING PROJECT #452074-2 A NEW PROJECT TO THE TIP IN FY 25. THIS PROJECT IS PART OF IMPROVEMENTS ALONG I-75 FUNDED THROUGH THE MOVING FLORIDA FORWARD PROGRAM. THIS PROJECT WILL BE DELIVERED USING THE DESIGN-BUILD METHOD AND WILL CONSTRUCT AUXILIARY LANES ON I-75 FROM SOUTH OF SR 44 TO SR 200.
- (4) ADDING A RAILROAD/UTILITIES PHASE TO PROJECT #427056-1 IN FY 25. THIS PROJECT IS ON SR 50 FROM CR 565 TO CR 565A AND AUTHORIZING THE SUBMITTAL OF THE TIP AMENDMENT TO THE APPROPRIATE AGENCIES.

WHEREAS, the Lake-Sumter Metropolitan Planning Organization (MPO) is the duly designated and constituted body responsible for carrying out the urban transportation planning and programming process for Lake-Sumter MPO Planning Area; and

WHEREAS, Section 339.175, Florida Statutes; 23 U.S.C. Section 134; and Title 49 U.S.C. require that the urbanized area, as a condition to the receipt of federal capital or operating assistance, must have a continuing, cooperative, and comprehensive transportation planning process that results in plans and programs consistent with the comprehensively planned development of the urbanized area; and

WHEREAS, 23 U.S.C. Section 134(j) and Section 339.175(8), Florida Statutes, require the Lake-Sumter MPO to formulate a Transportation Improvement Program (TIP), defined by 23 C.F.R. Section 450.104 as a prioritized listing/program of transportation projects that are developed and formally adopted by an MPO as part of the metropolitan transportation planning process; and

WHEREAS, Section 339.175(8), Florida Statutes, requires that the TIP include projects and project phases to be funded with state or federal funds that are recommended for advancement during the next fiscal year and four subsequent fiscal years; and

WHEREAS, the FDOT has requested the MPO's TIP be amended to add Project #447990-2 a local agency program (LAP) project managed by the City of Leesburg. The City has opted to use District Five's continuing services contract for design services. There is no additional money added to the project but a second segment (-2) for the project is added to the TIP; and

WHEREAS, the FDOT has requested the MPO's TIP be amended to achieve planning consistency for the US 301 widening project (#430132) the project has been programmed into three separate segments. As such, project limits have changed on #430132-1, a new segment #430132-3 has been added. Some funding increases are reflected for the Design-Build (DSB) phase and funds for the design-build (DSB) phase have been moved from 430132-1 to 430132-3. The amendments are for project phase and costs which have changed in FY 2025 only. Project #430132-2 is not affected, however, to be completely transparent, all project details and funding totals are provided in Exhibit A; and

WHEREAS, the FDOT has requested the MPO's TIP be amended to add Project #452074-2 to the TIP in FY 2025. This project is part of improvements along I-75 funded through the Moving Florida Forward program. This project will be delivered using the design-build method and will construct auxiliary lanes on I-75 from south of SR 44 to SR 200. Adding funds in the amount of \$232,191,543 in FY 2025 as shown in Exhibit B; and

WHEREAS, the FDOT has requested the MPO's TIP be amended to add a railroad/utilities phase to project #427056-1 in FY 2025. This project is on SR 50 from CR 565 to CR 565A. Adding funding in FY 2025 in the amount of \$4000, as shown in Exhibit B; and

NOW, THEREFORE, BE IT RESOLVED by the Lake-Sumter MPO that the:

1. FY 2025-2029 TIP is hereby amended adding Project #447990-2 a local agency program (LAP) project managed by the City of Leesburg. The City has opted to use District Five's continuing services contract for design services. There is no additional money added to the project but a second segment (-2) for the project is added to the TIP; and
2. FY 2025-2029 TIP is hereby amended adding the US 301 widening project (#430132) the project has been programmed into three separate segments. As such, project limits have changed on #430132-1, a new segment #430132-3 has been added. Some funding increases are reflected for the Design-Build (DSB) phase and funds for the design-build (DSB) phase have been moved from 430132-1 to 430132-3. The amendments are for project phase and costs which have changed in FY 2025 only. Project #430132-2 is not affected, however, to be completely transparent, all project details and funding totals are provided for the MPO in Exhibit A; and
3. FY 2025-2029 TIP is hereby amended adding Project #452074-2 to the TIP in FY 2025. This project is part of improvements along I-75 funded through the Moving Florida Forward program. This project will be delivered using the design-build method and

will construct auxiliary lanes on I-75 from south of SR 44 to SR 200. Adding funds in the amount of \$232,191,543 in FY 2025 as shown in Exhibit B; an

4. FY 2025-2029 TIP is hereby amended to add a railroad/utilities phase has been added to project #427056-1 in FY 25. This project is on SR 50 from CR 565 to CR 565A.
5. The Chair of the Lake-Sumter MPO is hereby authorized and directed to submit the FY 2025-2029 TIP amendment to the following:
  - a. Federal Highway Administration (FHWA) through the Florida Department of Transportation (FDOT).
  - b. Federal Transit Administration (FTA) through FDOT.
  - c. Federal Aviation Administration (FAA).
  - d. Bureau of Community Planning, Division of Community Development, Florida Department of Economic Opportunity (DEO); and
  - e. Members of the Florida Legislature representing the Lake-Sumter MPO.

PASSED AND ADOPTED this \_\_\_\_\_ day of October 2024.

RESOLUTION 2024-9 TRANSPORTATION IMPROVEMENT PROGRAM AMENDMENT

LAKE~SUMTER METROPOLITAN PLANNING ORGANIZATION

RESOLUTION 2024 – 9

**EMERGENCY RESOLUTION OF THE LAKE~SUMTER METROPOLITAN PLANNING ORGANIZATION  
AMENDING THE FYs 2025 - 2029 TRANSPORTATION IMPROVEMENT PROGRAM (TIP) TO  
INCLUDE THE ROLL FORWARD PROJECTS IN THE FLORIDA DEPARTMENT OF TRANSPORTATION  
WORK PROGRAM FOR FISCAL YEAR 2025**

**WHEREAS**, the Lake~Sumter Metropolitan Planning Organization (MPO) is the duly designated and constituted body responsible for carrying out the urban transportation planning and programming process for the Lake-Sumter MPO Planning Area; and

**WHEREAS**, Section 339.175, Florida Statutes, 23 U.S.C. Section 134, and Title 49 U.S.C. require that the urbanized area, as a condition to the receipt of federal capital or operating assistance, must have a continuing, cooperative, and comprehensive transportation planning process that results in plans and programs consistent with the comprehensively planned development of the urbanized area; and

**WHEREAS**, 23 U.S.C. Section 134(j) and Section 339.175(8), Florida Statutes, require the MPO to formulate a Transportation Improvement Program (TIP), defined by 23 C.F.R. Section 450.104 as a prioritized listing/program of transportation projects that are developed and formally adopted by an MPO as part of the metropolitan transportation planning process; and

**WHEREAS**, Section 339.175(8), Florida Statutes, requires that the TIP include projects and project phases to be funded with state or federal funds that are recommended for advancement during the next fiscal year and four subsequent fiscal years; and

**WHEREAS**, FYs 2025 – 2029 TIP was adopted by the MPO on June 19, 2024, based on programmed projects in the Florida Department of Transportation (FDOT) Five Year Work Program; and

**WHEREAS**, to achieve consistency and address roll-forward funds from the previous fiscal year and adjustments to the FDOT Work Program, the FDOT has requested in an e-mail message dated July 3, 2024, that the MPO amend the FYs 2025 – 2029 TIP to address necessary revisions and additions listed in Exhibit A, attached hereto, and incorporated herein, with those amendments to become effective October 1, 2024, and

**WHEREAS**, the Executive Director of the MPO is authorized by Section 1.8 of the Bylaws, entitled *Emergency Revisions and Amendments*, to execute an emergency resolution so long as such resolution comes before the Executive Committee for recommendation and the Governing Board for ratification at the next regularly scheduled meetings.

**NOW, THEREFORE, BE IT RESOLVED** by the Lake~Sumter MPO that the:

RESOLUTION 2024-9 TRANSPORTATION IMPROVEMENT PROGRAM AMENDMENT

1. Due to the request by the State of Florida, Department of Transportation, an expedited TIP Amendment is needed for transportation improvement program and, finding that an emergency meeting of the MPO Executive Committee is not feasible, it has been determined by the undersigned that an Emergency Resolution is necessary.
2. The Executive Director of the MPO is authorized to sign and transmit this resolution to the appropriate agencies as set forth in Section 1.8 of the Bylaws, entitled *Emergency Revisions and Amendments*. This resolution will come before the MPO Executive Committee for recommendation and the MPO Governing Board for ratification at the next regularly scheduled meeting. Should the Governing Board take action to disapprove this resolution, state and federal agencies shall be notified by the end of the following business day of the Governing Board's action.
3. FY 2025 - 2029 TIP is hereby endorsed and amended (Exhibit A),
4. The Executive Director of the Lake~Sumter MPO is hereby authorized and directed to submit the amended FY 2025 - 2029 TIP to the following:
  - a. Federal Highway Administration (FHWA) through the Florida Department of Transportation (FDOT).
  - b. Federal Transit Administration (FTA) through FDOT.
  - c. Federal Aviation Administration (FAA),
  - d. Bureau of Community Planning, Division of Community Development, Florida Department of Economic Opportunity (DEO); and

**PASSED AND ADOPTED** this 19th day of September 2024.

Lake~Sumter Metropolitan Planning Organization

  
Michael Woods, Executive Director

Approved as to Form and Legality:

  
Rachel Bartolowits, MPO Attorney

**LAKE-SUMTER METROPOLITAN PLANNING ORGANIZATION**

**RESOLUTION 2024 - 06**

**RESOLUTION OF THE LAKE-SUMTER METROPOLITAN PLANNING ORGANIZATION ADOPTING THE FYs 2025-2029 TRANSPORTATION IMPROVEMENT PROGRAM (TIP) TO INCLUDE PROJECTS IN THE FLORIDA DEPARTMENT OF TRANSPORTATION WORK PROGRAM FOR FISCAL YEARS 2025 THROUGH 2029**

**WHEREAS**, the Lake-Sumter Metropolitan Planning Organization (MPO) is the duly designated and constituted body responsible for carrying out the urban transportation planning and programming process for Lake-Sumter MPO Planning Area; and

**WHEREAS**, Section 339.175, Florida Statutes; 23 USC, Section 134; and Title 49 USC require that the urbanized area, as a condition to the receipt of federal capital or operating assistance, must have a continuing, cooperative, and comprehensive transportation planning process that results in plans and programs consistent with the comprehensively planned development of the urbanized area; and

**WHEREAS**, 23 USC, Section 134(j) and Section 339.175(8), Florida Statutes, require the Lake-Sumter MPO to formulate a Transportation Improvement Program (TIP), defined by 23 CFR Section 450.104 as a prioritized listing/program of transportation projects that are developed and formally adopted by an MPO as part of the metropolitan transportation planning process; and

**WHEREAS**, Section 339.175(8), Florida Statutes, requires that the TIP include projects and project phases to be funded with state or federal funds that are recommended for advancement during the next fiscal year and four subsequent fiscal years; and

**WHEREAS**, the Lake-Sumter MPO is adopting the FY 2025-2029 TIP to include projects that were not completed or that were not committed in the previous state fiscal year and that, under federal regulations, must be included in the Lake-Sumter MPO FYs 2025-2029 adopted TIP for consistency with the FDOT Work Program and the State Transportation Improvement Plan (STIP).

**NOW, THEREFORE, BE IT RESOLVED** by the Lake-Sumter MPO that the:

1. FY 2025-2029 TIP is hereby endorsed and adopted (Exhibit A); and
2. The FY 2025-2029 TIP includes projects in the FDOT FY 2025-2029 Work Program; and
3. Federally aided projects listed in the FY 2025-2029 TIP will be initiated within the MPO Area; and

4. The Chair of the Lake-Sumter MPO is hereby authorized and directed to submit the FY 2025-2029 TIP to the:

- a. Federal Highway Administration (FHWA) through the Florida Department of Transportation (FDOT);
- b. Federal Transit Administration (FTA) through FDOT;
- c. Federal Aviation Administration (FAA);
- d. Bureau of Community Planning, Division of Community Development, Florida Department of Economic Opportunity (DEO); and
- e. Members of the Florida Legislature representing the Lake-Sumter MPO.

**PASSED AND ADOPTED** this 19 day of June, 2024.

Lake-Sumter Metropolitan Planning Organization

  
Cal Rolfsen, Chair

Approved as to Form and Legality:

  
Melanie Marsh, MPO Attorney

# Introduction

In 1974, the U.S. Congress amended the Federal Aid Highway Act, which mandated that all urbanized areas having a population of 50,000 or more designate a single agency to administer federal transportation funds. The agencies that were established were called Metropolitan Planning Organizations. A Metropolitan Planning Organization (MPO) is an agency created by federal law to provide local input for urban transportation planning and allocation of federal transportation funds. These organizations were to provide a transportation planning process for local, state, and federal officials. Today, there are more than 300 MPOs across the country and 27 MPOs in Florida, including the Lake~Sumter MPO.

Transportation planning is vital for a region to grow sustainably. How easily a citizen can travel to work, school, the shopping mall, or a hospital affects their safety and quality of life. The mission of an MPO is to provide comprehensive, coordinated, and continuous transportation planning for the safe and efficient movement of people and goods consistent with the region's overall economic, social, and environmental goals.

MPOs place special emphasis on providing access to a variety of transportation choices and promoting effective public involvement in the planning process. The Lake~Sumter MPO works together with its transportation partners, including the public, to enhance the intermodal mobility of the community by developing a comprehensive Long Range Transportation Plan (LRTP) that supports the mobility needs and economic development of the community. MPOs are established by state and federal laws and through interlocal agreements to provide a process for local governments within a non-Transportation

Management Area (TMA) to coordinate with the Florida Department of Transportation (FDOT), the Federal Highway Administration (FHWA), and the Federal Transit Administration (FTA).

The MPO develops the Transportation Improvement Program (TIP) annually in accordance with state and federal requirements and the FDOT MPO Program Management Handbook. According to the dates, processes, and agencies described in the handbook, the TIP is submitted to federal and state review agencies.

### **About Your MPO**

The Lake~Sumter MPO was established on February 25, 2004, after the 2000 U.S. The US Decennial Census determined the urbanized areas around Leesburg, Eustis, and Lady Lake had exceeded a population of 50,000.

The Lake~Sumter MPO is the regional transportation planning entity within Lake and Sumter counties, including the Orlando Urbanized Area, the Leesburg/Eustis Urbanized Area, and the Lady Lake/Villages Urbanized Area (UZA). The Lake~Sumter MPO seeks to improve transportation in both counties for all modes of travel, including mass transit, walking, bicycling, rail, air, as well as the automobile. The MPO prioritizes capital improvements to address the counties' travel needs and allocates federal funding to implement the projects identified in the LRTP and the TIP.

The Lake~Sumter MPO Board is tasked with effectively identifying the public's transportation needs. The Board consists of elected officials representing all the local governments in the region, including municipal and county entities. The Lake~Sumter MPO Governing Board meetings

and its advisory committees are all open to the public and provide opportunities for public comments. In addition, public hearings are held during the development of the LRTP to allow private citizens to provide input on the plan before the Lake~Sumter MPO Governing Board approves it. Regarding public involvement related to the TIP, the TIP is reviewed and approved by the Community Advisory Committee (CAC), the Technical Advisory Committee (TAC), and the Lake~Sumter MPO (LSMPO) Governing Board. The formal public review period began on May 30, 2024, and closed on June 20, 2024, after the LSMPO Governing Board meeting. The TIP is also made available on the MPO's website. This process meets the public hearing requirements of 49 U.S.C. Section 5307(c), the public notice of public involvement activities, and the time established for public review and comment per the Federal Transit Administration's Urbanized Area Formula Program.

In addition, FDOT presents the Five-Year Work Program at a public hearing before the Work Program is adopted. The Lake~Sumter MPO's planning area also includes federal lands. The federal land management agencies are included in the stakeholder's email list to review the DRAFT TIP as per 23 Code of Federal Regulations (CFR) 450.316(d) before final approval of the TIP.

### **Mission & Vision**

The mission of the Lake~Sumter MPO is to provide local governments, agencies, and residents of Lake and Sumter counties a forum for addressing growth and transportation issues, with an emphasis on:

- Planning a regional, multi-modal transportation network that balances accessibility and mobility;
- Incorporating the visions of the member governments into a cohesive regional approach; and
- Coordinating with regional partners and state and federal agencies to meet the needs of the public.

Figure 1 | Lake and Sumter County

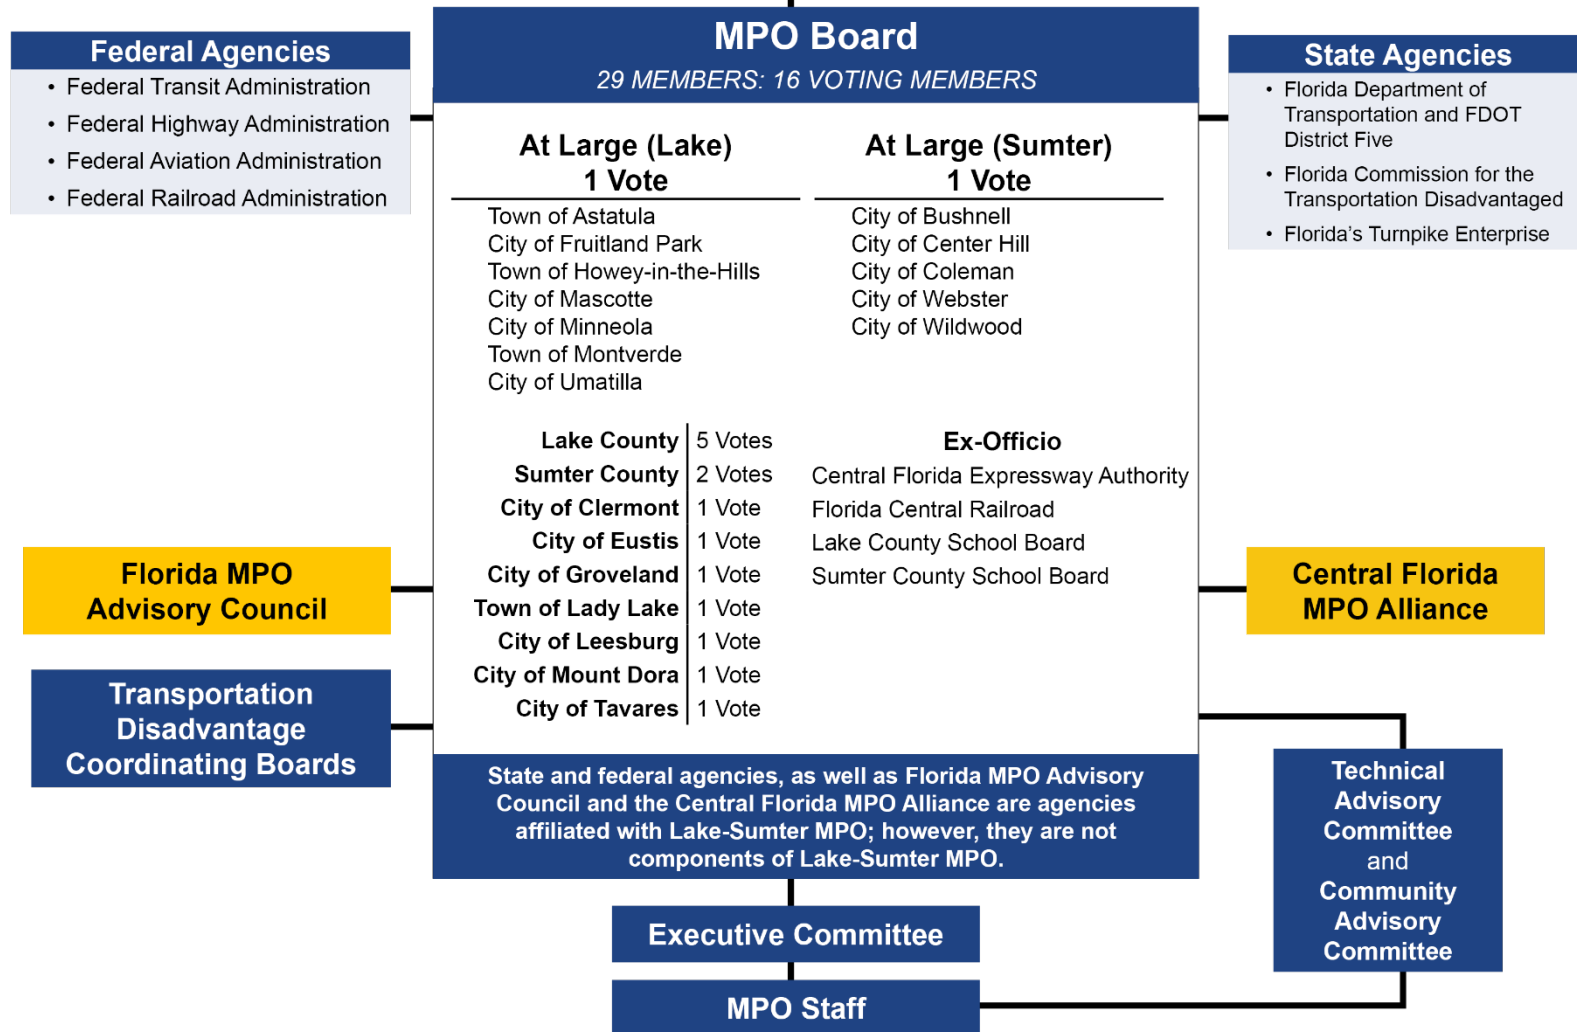

Figure 2 | Lake-Sumter MPO Organizational Chart

# ORGANIZATIONAL CHART

## CITIZENS OF LAKE AND SUMTER COUNTIES

## Governing Board

The Lake~Sumter MPO Governing Board consists of 29 board members (16 voting and 13 non-voting) representing the communities of the Lake~Sumter region. Each member government appoints elected representation to the MPO Governing Board, along with an alternate representative.<sup>1</sup>

The apportionment of membership on the Lake~Sumter MPO Governing Board includes one voting representative from each of the seven most populated cities in Lake County, including Clermont, Eustis, Groveland, Lady Lake, Leesburg, Mount Dora, and Tavares. The seven least populated cities of Lake County (Astatula, Fruitland Park, Howey-in-the-Hills, Mascotte, Minneola, Montverde, Umatilla), share one at-large vote that rotates alphabetically each year. An at-large representative voting position rotates annually among the five Sumter County municipalities of Bushnell, Center Hill, Coleman, Webster, and Wildwood. In addition, the five members of the Lake County Board of County Commissioners and two designated County Commissioners from the Sumter County Board of County Commissioners are each voting members. Ex-officio board members from Lake County Schools, Sumter District Schools, and the Florida Central Railroad round out the membership of the Lake~Sumter MPO Governing Board.

The MPO Governing Board typically meets on the fourth Wednesday of every month and all meetings are open to the public. Regular meeting dates and times may be changed by the action of the MPO to accommodate holidays or other reasons. Therefore, please consult the calendar<sup>2</sup> to verify meeting dates and times.

### Executive Committee

The Executive Committee is comprised of the following board members: Chairman, Chairman-Elect, 1st Vice Chairman/Treasurer, 2nd Vice Chairman, Immediate Past Chairman, and an At-Large Representative. To provide balanced representation on the Executive Committee among counties and municipalities, the MPO Board at the time of the election of officers shall attempt to fill, if feasible, officer positions by rotating between municipal and county representatives as officers are advanced, when feasible, to the next level of elected office.

Doug Shields - Chair Elect
Sandy Gamble - 1st Vice Chair
Don Wiley - 2nd Vice Chair
Craig Estep - Past Chair
Katherine Adams - Lake County At-Large Representative
Joe Elliot - Sumter County At-Large Representative

### Advisory Committees

Lake~Sumter MPO has a CAC that meets regularly. The members of the CAC are private citizens with an interest in the transportation issues affecting the area. These individuals receive information on transportation issues from the Lake~Sumter MPO staff and other agencies and provide input to the local governing bodies regarding these issues. The CAC

assists the Lake~Sumter MPO Governing Board to develop transportation-related goals and objectives to shape the urban environment and conduct public information programs.

Lake~Sumter MPO also has a TAC which is comprised of planners and engineers from the various local governments comprising the MPO. The input provided by the TAC is of a very technical nature and may include technical design recommendations and verification that all documents conform to the appropriate standards.

The Lake~Sumter MPO also supports planning for the transportation disadvantaged with funds from the Florida State Commission for the Transportation Disadvantaged (CTD). The two Transportation Disadvantaged Coordinating Boards (TDCB), Lake County TDCB and Sumter County TDCB, serve in an advisory capacity to the Lake~Sumter MPO. The TDCB focuses on compliance with state requirements and ensuring that public transportation is accessible to everyone, including the transportation disadvantaged. TDCB membership is composed of several representatives such as health and human services agencies, the elderly and disabled citizens, and the private transportation industry and is established pursuant to Rule 41- 2.012(3), Florida Administrative Code (FAC).

## Federal Requirements

The public involvement process requirements are documented in 23 CFR450, Section 450.316. These requirements encourage proactive public involvement and support early and continuing public involvement in the planning process.

Title 23 CFR, Section 450.316(b) (1), the Metropolitan Transportation Planning Process, sets forth the requirements for the public involvement process in conjunction with all aspects of transportation planning. The regulation states that the public involvement process shall provide “complete information, timely public notice, full public access to key decisions, and support early and continuing public involvement in developing plans and the major planning documents” produced by MPO. MPO’s public participation and development of the TIP satisfies the federal public participation requirements for developing the FTA, Program of Projects.

### Process

The MPO public participation process provides the public with many opportunities to comment on transportation plans and programs. The process includes, but is not limited to, the following:

- Twenty-one (21) day comment period on the adoption of the TIP
- Regional Transportation Forum on key issues
- Regional Transportation Summit to gain stakeholder input
- Public meetings on specific transportation project
- MPO website: [www.LakeSumterMPO.com](http://www.LakeSumterMPO.com)
- MPO social media page and feeds
- MPO Board and committee meetings (TAC, CAC)
- Transportation Disadvantaged Coordinating Boards (Lake & Sumter counties)

- Task Force meetings (North Lake, East Lake, South Lake, & Public Transportation)
- Efficient Transportation Decision Making (ETDM) Process.
- Presentations to other governmental bodies (counties and municipalities)
- Presentations to civic and community groups and organizations

### Interagency Cooperation and Support

The MPO actively assists local governments and transportation agencies in developing and implementing public participation techniques for transportation planning and other related studies. For example, in the LRTP and TIP development processes, MPO will assist Lake County Public Transportation with their FTA requirement for Section 5307 Program of Projects public involvement by including the following statement in advertisements and other collateral materials as appropriate:

“The MPO’s LRTP/TIP development process is being used to satisfy the public comment period requirements of FTA’s Section 5307 program. This public notice of public involvement activities and the time established for public review and comment on the LRTP/TIP will satisfy the FTA Program of Projects requirements.”

### Public Involvement and Outreach

The Lake~Sumter MPO develops its TIP annually in accordance with all applicable state and federal laws governing public involvement. This includes 23 CFR 450.316 and 23 CFR 450.324(b). Specific procedures for the use of public involvement in the annual development of the TIP have been clearly defined in the MPO’s adopted Public Participation Plan (PPP). Before adopting the final TIP, the Lake~Sumter MPO sought public comment on the Draft TIP by making the

document available on their website ([LakeSumterMPO.com](https://www.lakesumtermpo.com)). In addition, all Lake~Sumter MPO meetings are held in accordance with Florida's open meetings law (the Sunshine Law), and an opportunity is provided for public comment. The Draft TIP was on the agenda of the June 2024 Lake~Sumter MPO Governing Board meeting for review and approval.

Federal law requires a formal public comment period before Board adoption, providing a structured process for public input. The official public comment period for TIP follows the same timeline as the advisory committee review, with a Draft document available at least twenty-one (21) days before Board action. The deadline to submit a comment is included in legal advertisements and notifications associated with the public comment period. This deadline is generally seven (7) days before the date Board action is scheduled.

Public notification for the public comment period takes many forms. Public comment period notices are also sent to MPO's community database. Additionally, Draft plan documents are available on MPO's website and in print at locations throughout the region upon request at least seven (7) days before the public hearing.

As part of the participatory and outreach process, Lake~Sumter MPO has developed an Interactive TIP Tool ([LSMPO Adopted TIP](#)). This tool provides citizens with easy access to TIP project information by providing project location maps, detailed financial information, and project phases. This tool can be accessed from any computer, tablet, or smartphone. This tool provides the Lake~Sumter MPO with a great opportunity to enhance public outreach capabilities and increase the public's awareness about the projects being funded.

#### *Public Comments*

All comments received during the Draft List of Priority Projects (LOPP)/TIP development process were submitted by the MPO committee and Board members during regular committee and Board advertised meetings. Any written record of comments from committee and/or Board actions is contained within the official approved committee and Board meeting minutes.

Table 5 | TIP/LOPP Public Participation Plan Process

Outreach Step	Timeframe
Draft LOPP and TIP published electronically on <a href="http://www.LakeSumterMPO.com">www.LakeSumterMPO.com</a>	Twenty-one (21) days prior to Board approval, opening public comment period.
Draft LOPP and TIP presented at LSMPO advisory committee meetings	Draft LOPP and TIP presented at LSMPO advisory committee meetings.
Board vote on approval, after a public comment period at the meeting and consideration of committee input	First Board meeting after committee review.
Citizens unable to attend committee or Board meetings are encouraged to submit written comments via postal service, <a href="http://www.LakeSumterMPO.com">www.LakeSumterMPO.com</a> contact form, or e-mail <a href="mailto:MWoods@LakeSumterMPO.com">MWoods@LakeSumterMPO.com</a> or may submit directly to the MPO's website Questions & Comments, Email Sign Up   ( <a href="http://lakesumtermpo.com">lakesumtermpo.com</a> ) <a href="http://www.lakesumtermpo.com/engage/questions-comments-email-sign-up/">http://www.lakesumtermpo.com/engage/questions-comments-email-sign-up/</a>	Throughout the official public comment period.
Approved Draft LOPP and TIP published on <a href="http://www.LakeSumterMPO.com">www.LakeSumterMPO.com</a>	As soon as final documents can be uploaded to the website. Once adopted, the TIP is made available as a web-based interactive tool located on the MPO website: <a href="http://www.LakeSumterMPO.com">www.LakeSumterMPO.com</a> .

## MPO Certification

The Lake-Sumter MPO participates in an annual joint certification of its planning process with representatives from FDOT District 5. The last annual self-certification with FDOT was completed in February 2024. The next certification is scheduled for February 2025.

# Glossary and Abbreviations

## Glossary

---

### A

---

**ACCESS MANAGEMENT** – The regulation and control of vehicular access to public roads to ensure the safe and efficient operation of the roadway system.

**ADVANCED TRAFFIC MANAGEMENT SYSTEMS (ATMS)**—This is an intelligent transportation system (ITS) approach that uses advanced technology tools such as closed-circuit television cameras, radar detectors, and communication devices to monitor traffic, optimize signal timing, and control traffic flow.

**AMERICANS WITH DISABILITIES ACT (ADA)** – A federal law that requires public facilities and services to be accessible to persons with disabilities, including those with mental disabilities, temporary disabilities, and conditions related to substance abuse.

**AVERAGE DAILY TRAFFIC (ADT)** – The number of vehicles passing a fixed point in a day, averaged over a number of days. The number of count days included in the average varies with the intended use of the data.

---

### B

---

**BICYCLE FACILITIES** – Any travel corridor designed to accommodate non-motorized traffic, including bike paths and bike lanes on roadways.

**BRIDGES MANAGEMENT SYSTEM (BMS)** – Process for analyzing existing conditions and identifying future needs with respect to bridges designated as part of the National Highway System.

---

### C

---

**CAPITAL IMPROVEMENT PROGRAM (CIP)** – A five/six-year schedule of capital improvements adopted by local governments and transportation agencies.

**CENTRAL FLORIDA REGIONAL PLANNING MODEL (CFRPM)** – A five/six-year schedule of capital improvements adopted by local governments and transportation agencies.

**CHAPTER 163, FLORIDA STATUTES (F.S.)** – Requires local governments to develop comprehensive plans assessing existing and future public service and facility needs and identifies policies necessary to address them.

**COMMUNITY ADVISORY COMMITTEE (CAC)** – Private citizens representing municipal areas and at-large membership appointed by the MPO to review transportation issues and topics. The CAC forwards recommendations to the MPO regarding these issues and topics.

**COMMUNITY TRAFFIC SAFETY TEAMS (CTST)** – Locally based groups of highway safety advocates who are committed to solving traffic safety problems through a comprehensive, multi-jurisdictional, multi-disciplinary approach. Members include city, county, state, and occasionally federal agencies, as well as private industry representatives and local citizens.

**COMMUNITY TRANSPORTATION COORDINATOR (CTC)** – Agency responsible for delivering coordinated transportation services to the transportation disadvantaged population in the designated service area.

**CONCURRENCY MANAGEMENT SYSTEM (CMS)** – The process local governments use to ensure that level of service standards on public services and facilities are adopted and maintained. CMS requires that public services and facilities necessary to accommodate the impacts of development projects are in place prior to their approval.

**CONGESTION MANAGEMENT PROCESS (CMP)** – A federally mandated program within metropolitan planning areas to address and manage congestion through the implementation of strategies not calling for major capital investments. The CMP was formerly known as Congestion Management System (CMS).

---

## D

---

**DESIGNATED OFFICIAL PLANNING AGENCY (DOPA)** – Agency designated by the state Commission for the Transportation Disadvantaged to provide planning services to the local

transportation disadvantaged service area. The MPO is the DOPA.

**DISADVANTAGED BUSINESS ENTERPRISE (DBE)** – These are for-profit small businesses where socially and economically disadvantaged individuals own at least a 51% interest and also control management and daily business operations.

African Americans, Hispanics, Native Americans, Asian-Pacific and Subcontinent Asian Americans, and women are presumed to be socially and economically disadvantaged. Other individuals can also qualify as socially and economically disadvantaged on a case-by-case basis.

---

## E

---

**EFFICIENT TRANSPORTATION DECISION MAKING (ETDM)** – An FDOT initiative to improve and streamline transportation projects' environmental review and permitting process by providing resource protection agencies and concerned citizens opportunities to comment on them during the initial planning phase. This is intended to improve the coordination of transportation decisions with social, land use, and ecosystem preservation concerns.

---

## F

---

**FEDERAL HIGHWAY ADMINISTRATION (FHWA)** – The federal agency that develops regulations, policies, and guidelines to achieve safety, economic development, and other goals of FHWA programs through the construction and improvement of the nation's transportation infrastructure and highway system.

**FEDERAL HIGHWAY ADMINISTRATION (FHWA) METROPOLITAN PLANNING (PL) FUNDS** – Primary source of planning funds allocated to the MPO and budgeted in the Unified Planning Work Program (UPWP) in accordance with 23 U.S.C., Section 134.

**FEDERAL TRANSIT ADMINISTRATION (FTA)** – The agency that develops policy on public transit issues and allocates capital and operating funds for public transit projects.

**FEDERAL TRANSIT ADMINISTRATION (FTA) SECTION 5303** – Source of transit planning funds.

**FISCAL YEAR (FY)** – Defines budget year; runs from July 1 through June 30 for the state of Florida and from October 1 through September 30 for federal and local governments.

**FLORIDA ADMINISTRATIVE CODE (FAC)** – A compilation of the rules and regulations of state agencies that have been filed with the Department of State pursuant to the provisions of Chapter 120, Florida Statutes.

**FLORIDA DEPARTMENT OF TRANSPORTATION (FDOT)** – FDOT is an agency responsible for the development, maintenance, and regulation of public transportation systems and facilities in the state.

**FLORIDA INTRASTATE HIGHWAY SYSTEM (FIHS)** – A statewide network of limited and controlled access highways primarily intended for high-speed and high-volume traffic movements constructed and maintained by FDOT.

**FLORIDA STANDARD URBAN TRANSPORTATION MODELING STRUCTURE (FSUTMS)** – Computer model used in Florida for transportation planning to simulate existing and future travel

patterns developed by FDOT for long-range urban area transportation modeling.

**FUNCTIONAL CLASSIFICATION** – The process by which streets and highways are grouped into classes, or systems, according to the character of service they are intended to provide. Local governments are required to identify the functional classification of roadways within their jurisdiction in their comprehensive plans.

---

## H

---

**HIGH OCCUPANCY VEHICLE (HOV) LANES** – Special lanes reserved for the use of carpools, vanpools, and buses. They are usually located next to the regular, or unrestricted, lanes. These special lanes enable those who carpool or ride the bus to bypass the traffic in the adjacent, unrestricted ("general purpose") lanes. Lanes are identified as "2+" or "3+" which refers to the minimum number of occupants to qualify. This increases corridor capacity while, at the same time, providing an incentive for single-occupant drivers to shift to ridesharing. These lanes are most effective as part of a comprehensive effort to encourage HOVs, including publicity, outreach, park-and-ride lots, rideshare matching services, and employer incentives.

---

## I

---

**INFRASTRUCTURE INVESTMENT AND JOBS ACT (IIJA)** – was signed into law by President Biden on November 15, 2021. The law authorizes transportation and infrastructure spending. Funding from the IIJA is extensive, addressing such areas as

energy and power infrastructure, access to broadband internet, and water infrastructure.

**INSTITUTE OF TRANSPORTATION ENGINEERS (ITE)** – An international society of professionals in transportation and traffic engineering. The organization publishes the Trip Generation Manual, which provides trip generation data.

**INTELLIGENT TRANSPORTATION SYSTEMS (ITS)** – An umbrella term for a range of advanced technologies that monitor and manage traffic flow, reduce congestion, provide alternate routes to travelers, enhance productivity, respond to incidents, adverse weather, or other road capacity constricting events.

**INTERMODAL FACILITIES** – Transportation facilities that link different travel modes, such as rail or bus stations at airports.

---

## J

---

**JOINT PARTICIPATION AGREEMENT (JPA)** – Legal instrument describing intergovernmental tasks to be accomplished and/or funds to be paid between government agencies.

---

## L

---

**LEVEL OF SERVICE (LOS)** – A qualitative assessment of operating conditions for transportation facilities using the letter grades A through F (best to worst) to describe their performance.

**LIVABLE COMMUNITIES** – A planning concept that applies to initiatives and programs directed at improving and/or maintaining an urban environment that promotes walking, bicycling and transit use and that provides a sense of place

and opportunities for employment, education, recreation, entertainment, and shopping.

**LOCAL COORDINATING BOARD (LCB)** – A board comprised of representatives of the MPO Board, social service agencies, private transportation providers, FDOT, and citizens. The LCB is responsible for governing the Transportation Disadvantaged Program.

---

## M

---

**MPO LONG RANGE TRANSPORTATION PLAN (LRTP)** – Federally required plan that assesses existing and future transportation needs in the MPO planning area and identifies strategies, capital improvements, and associated funding needed to address them. The LRTP addresses all principal modes of travel including the automobile, bicycle, airplane, transit, and walking.

**MPO PUBLIC PARTICIPATION PLAN (PPP)** – Sets forth strategies for generating meaningful public involvement while preparing, developing, and implementing MPO plans, programs, and projects.

---

## N

---

**NATIONAL HIGHWAY SYSTEM (NHS)** – Includes the interstate system and other routes identified as having strategic defense characteristics as well as routes providing access to major ports, airports, public transportation, intermodal transportation facilities, and routes of importance to local governments.

---

## P

---

**PAVEMENT MANAGEMENT SYSTEM (PMS)** – A systematic process utilized by state agencies and MPOs to analyze and summarize pavement information for use in selecting and implementing cost effective pavement construction, rehabilitation, and maintenance programs. It is required for roads in the National Highway System.

---

## S

---

**SAFE ROUTES TO SCHOOL (SRTS) PROGRAM** – The SRTS Program helps communities address school transportation needs while encouraging more students to walk or bicycle to school. The SRTS Program funds projects such as the construction and installation of sidewalks, shared-use paths, etc.

**SINGLE-OCCUPANCY VEHICLE (SOV)** – A privately operated vehicle whose only occupant is the driver. The drivers of SOVs use their vehicles primarily for personal travel, daily commuting, and for running errands.

**STATE TRANSPORTATION IMPROVEMENT PLAN (STIP)** – A staged, multi-year, statewide, intermodal program that is consistent with the state and MPO transportation plans and TIPs. It must be approved by the Federal Highway Administration and the Federal Transit Administration at least every two years.

**STRATEGIC INTERMODAL SYSTEM (SIS)** – The SIS is a statewide network of high-priority transportation facilities, including the state's largest and most significant commercial service airports, spaceports, deepwater seaports, freight rail

terminals, passenger rail and intercity bus terminals, rail corridors, waterways, and highways. These facilities are recognized as having the top priority for state and federal funding.

---

## T

---

**TECHNICAL ADVISORY COMMITTEE (TAC)** – comprised of planners and engineers from the various local governments comprising the MPO. The input provided by the TAC is of a very technical nature and may include technical design recommendations and verification that all documents conform to the appropriate standards.

**TRANSIT ASSET MANAGEMENT PLAN (TAMP)** – A business model plan that prioritizes funding based on condition and performance to achieve and maintain a state of good repair (SGR) for the nation's public transportation assets.

**TRANSIT DEVELOPMENT PLAN (TDP)** – Transit providers' ten-year planning, development, and operational guidance document required for Florida Public Transit Block Grant funding. The TDP is used in creating the mass transit elements of the MPO Long Range Transportation Plan, TIP, and FDOT Work Program.

**TRANSPORTATION ALTERNATIVES PROGRAM (TAP)** – Allows for up to two percent of Surface Transportation Program funds to be allocated for non-roadway improvements/expenditures, including pedestrian/bicycle facilities, recreational trails, and Safe Routes to Schools programs.

**TRANSPORTATION DEMAND MANAGEMENT (TDM)** – Employs techniques, such as vanpooling, increasing transit use and

telecommuting, to reduce the demand for single occupant vehicle travel and vehicle miles traveled.

**TRANSPORTATION DISADVANTAGED (TD)** – Those persons who, because of physical or mental disability, income status or age are unable to transport themselves or to purchase transportation and are, therefore, dependent on others to obtain access to health care, employment, education, shopping, social activities, or other life-sustaining activities. These persons also include children who are handicapped or high-risk or at risk as defined in Ch. 411, F.S.

**TRANSPORTATION DISADVANTAGED SERVICE PLAN (TDSP)** – A three-year implementation plan, with annual updates developed by the designated official planning agency (DOPA) in coordination with the community transportation coordinator. The TDSP contains the provisions of service delivery for the county's Transportation Disadvantaged Program and is reviewed and approved by the Local Coordinating Board.

**TRANSPORTATION IMPACT FEE (TIF)** – Exaction assessed by local governments on new development projects that attempt to recover the cost incurred to provide transportation facilities required to serve the new development.

**TRANSPORTATION IMPROVEMENT PROGRAM (TIP)** – A five-year program of transportation improvements adopted annually by the MPO that incorporates state and federal work programs along with the capital improvement programs/elements of local governments and the transit agency within the MPO's jurisdiction.

**TRANSPORTATION REGIONAL INCENTIVE PROGRAM (TRIP)** – A Florida program that provides state funds to improve regionally significant transportation facilities.

**TRANSPORTATION SYSTEM MANAGEMENT (TSM)** – A program involving the implementation of traffic control measures, such as high occupancy vehicle (HOV) lanes, signal timing adjustments, median closings, and access management strategies to increase the operating efficiency of the traffic circulation system.

**TRANSPORTATION SYSTEMS MANAGEMENT AND OPERATIONS (TSMO)** – A set of strategies that focus on maintaining the highest benefit out of the transportation facilities we already have.

---

## U

---

**UNIFIED PLANNING WORK PROGRAM (UPWP)** – Identifies all transportation planning activities under the auspices of the MPO that are to receive federal and state grant funds.

**UNITED STATES CODE (USC)** – Also referred to as the Code of Federal Requirements, this is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government.

---

## W

---

**WORK PROGRAM (WP)** – The five-year listing of all transportation projects scheduled by the Florida Department of Transportation.

# Transportation Improvement Program

The TIP is a 5-year financially feasible program of multi-modal transportation improvement projects adopted by state and local government jurisdictions and transportation agencies. The TIP is updated annually as one of several prerequisites for continued receipt of federal assistance for transportation improvements.

The projects listed in the TIP are capital and noncapital surface transportation projects proposed for funding under Title 23 U.S.C. and Title 49 U.S.C. Chapter 53 (including bicycle facilities, sidewalks, and transportation alternatives projects). Also included are all regionally significant projects requiring an action by the FHWA or FTA regardless of funding source. In addition, the TIP identifies major improvement projects funded with local sources.

#### **TIP Development**

The TIP is developed by the MPO in cooperation with FDOT and the region's two public transit operators, Sumter County Transit (SCT) and Lake County Transit (LCT), who provide the MPO with estimates of available federal, state, and local funds in order for the MPO to develop the financial plan [23 C.F.R. 450.326(a) and s.339.175(8), F.S.]. It is developed through a continuing, comprehensive, and cooperative (3C) effort involving all counties, cities, and towns in the MPO's urbanized areas along with the Leesburg Airport Authority and the Umatilla Airport Authority. The TIP is broadly distributed for review and comment by the public before the MPO's, CAC, and TAC review and recommend it to the MPO Governing Board for approval.

#### **Consistency with Other Plans**

All projects included in the Lake-Sumter MPO FY 2025-2029 TIP have been drawn from the 2045 Long Range Transportation Plan. The projects are consistent with the FDOT Five-Year Adopted Work Program and the Lake County Transit Development Plan (TDP).

Recognizing the close link between land use and transportation, the MPO FY 2025-2029 TIP has also been developed in a manner consistent with comprehensive plans and aviation master plans developed and adopted by local governments within the MPO's planning area.

#### **TIP Amendments**

At times, the TIP may require changes that are necessitated by adding a new project to the Work Program that is not yet in the TIP or changes due to monetary revisions to the state's budget. Such changes are reflected in the TIP through amendments. Proposed amendments are generally presented to the public as part of the MPO's regularly advertised meetings. Copies of the proposed amendments are made part of the agenda package, which is available for public review on the MPO's website. After approval by the MPO, amendments are attached to the original TIP and submitted to the state for inclusion in the State Transportation Improvement Plan (STIP).

MPO's advisory committees review amendments to the TIP for input. In addition to the public comment periods provided during each committee meeting, opportunities for public comment are also a standard part of each Board meeting before Board action. During the review process and following Board adoption, the proposed amendment is electronically published.

Public input considered in the development and maintenance of the TIP includes the comments and recommendations of MPO committees and the public at large along with input received during the public comment periods. The MPO complies with statutory planning and programming requirements [23 U.S.C. 134/49 U.S.C. 5303 (j) (1) and 23 U.S.C. 135/49 U.S.C. 5304 (g) (2)] that call for continuing consultation and coordination with partners, MPOs, nonmetropolitan local officials, and federal and state agencies.

### **Using the TIP**

The TIP includes all transportation improvements with federal and state funding during the FY 2025-2029 period. Projects in the TIP are grouped into one of the following sections:

- A. Aviation Projects
- B. Complete Streets
- C. Bicycle/Pedestrian and Sidewalk Projects
- D. Planning Studies
- E. Roadway Capacity Projects (Non-SIS)
- F. Safety/Operations/ Transportation Systems Management and Operations (TSMO) Projects
- G. Strategic Intermodal System Projects (SIS)
- H. Trail Projects
- I. Transit and Transportation Disadvantaged Projects

The categories have been established to coincide with the 2023 LOPP structure to provide a more seamless interaction between the two reports.

### **TIP Format**

Lake~Sumter MPO has formatted the TIP project spreadsheet to include costs prior to, within, and beyond the five-year timeframe of the TIP. This reflects the projects' historic costs

prior to FY 2025 (if applicable), the funding programmed during the FY 2025-2029 timeframe of the TIP, and estimates of any future costs after FY 2029 (if applicable). These figures are added to show the total cost of the project.

FDOT provides the historical, current, and future cost figures for federal and state-funded projects and local governments and agencies for locally funded projects.

Figure 3 | TIP Sample Project Cost Summary Table

1	Project Description: LAKE SUMTER URBAN AREA FY 2028/2029-2029/2030 UPWP							Funding Source(s)	Federal
	Work Description: TRANSPORTATION PLANNING							:	Date Amended:
	CMP Status:							L RTP Page: 0	-

### Financial Plan/Financial Feasibility

As structured, the TIP is financially constrained for each of the five years in the FY 2025-2029 period. All federal and state-funded projects identified in the TIP are reflected in FDOT's Work Program for FY 2025-2029, and those projects can be funded using current and proposed revenue sources. The TIP is also financially constrained for all locally funded projects. For all projects in the TIP, costs and revenues are shown in Year of Expenditure dollars.

Innovative financing techniques are used extensively in developing projects in the Lake~Sumter MPO, primarily as a source of local matching funds for FDOT grant dollars. Examples include transit advertising revenue and impact fees. If reasonable additional funding sources are identified beyond those included in the financial plan, additional funding would be used to advance the construction of MPO priority projects.

### Financial Constraint

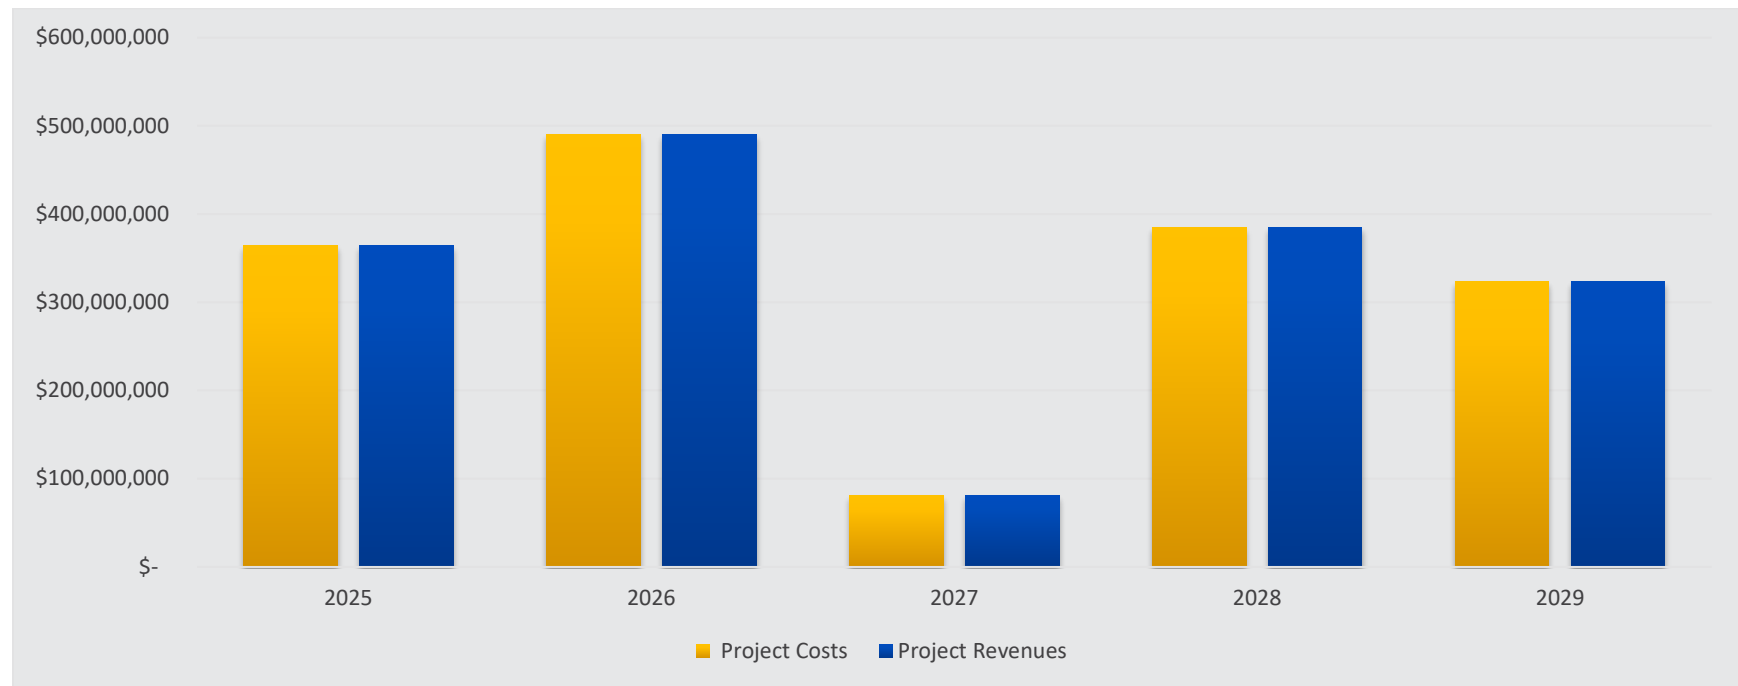

Under federal legislation, metropolitan areas are required to develop a financially constrained TIP to direct resources

toward high-priority projects. Pursuant to these federal regulations, the level of authorized funding available to the state and the metropolitan area has been used as the basis for financial restraint and schedule for the projects using federal funds. Projects are financially feasible for the appropriate funding category and represent the MPO's established priorities to the maximum extent possible.

Table 6 | Fiscal Constraint Total Project Costs and Revenue

Category	2025	2026	2027	2028	2029
<b>Total Revenue</b>	\$364,135,837	\$489,767,721	\$81,205,705	\$385,340,069	\$323,396,851
<b>Total Project Cost</b>	\$364,135,837	\$489,767,721	\$81,205,705	\$385,340,069	\$323,396,851

Figure 4 | Total Project Cost vs. Total Revenue - (FY2025-2029)

## TIP Implementation

The federally funded projects identified in the TIP can be implemented using current and proposed revenue sources based on the FDOT Tentative Five-Year Work Program and locally dedicated transportation revenue. The TIP includes projects, or phases of projects, that are expected to be fully funded in the 20-year horizon of the 2045 LRTP. Additional projects that would be included in the approved TIP if reasonable additional resources beyond those identified in the financial plan were available, they may be identified pursuant to s.339.175(8)(c)(3), F.S.

FDOT shall give priority to those projects that are:

1. Designed to maximize safe and efficient travel.
2. Identified in approved local government comprehensive plans to receive local matching funds according to the provisions of Section 335.20, F.S. or to be funded pursuant to Section 339.12, F.S.
3. Within transportation corridors protected by local government action.
4. Used in the operation of, or in conjunction with, public transportation facilities.
5. Located within the boundaries of a local government that has made a responsible effort to fund improvements needed to accommodate local traffic.

In 2012, Congress passed the Moving Ahead for Progress in the 21st Century Act (MAP-21), which changed the way communities must document the allocation and use of federal funds. This direction was further refined in the 2015 Fixing America's Surface Transportation Act (FAST Act). The new federal law provides direction to the MPOs mandating that the TIP:

- Contains projects consistent with the current metropolitan transportation plan.
- Reflects the investment priorities established in the current metropolitan transportation plan.
- Once implemented, it is designed to make progress toward achieving the performance targets established.

States and metropolitan planning organizations are now mandated to verify how they “invest resources in projects to achieve individual targets that collectively will make progress toward national goals.” The MPO began addressing this change during the development of the Lake~Sumter 2045 LRTP adopted in December 2020.

The Lake~Sumter MPO 2045 LRTP Goals, Objectives, and Performance Measures were updated in December 2019 based on federal, state, and local guidance.

## Project Selection

The selection process for choosing projects incorporated within this TIP was carried out in accordance with the requirements of 23 USC 134(h) (2) and (i) (4). With reference to the projects included within this TIP, the selection was made by FDOT in cooperation with the MPO in accordance with the requirements of 23 CFR 450.332(a). The 2045 LRTP, the LOPP, and the Congestion Management Process (CMP) are all used to help prioritize projects to be incorporated in the TIP.

## *Project Priority Statement*

The Lake~Sumter MPO adopted its LOPP in June 2023. The 2023 LOPP was submitted to FDOT to develop the new outer years of the Five-Year Work Program.

Compiling each TIP begins with the development of the LOPP the previous year. This document, updated each year,

contains a list of the unfunded highway, bicycle and pedestrian, and transit projects prioritized for funding based on the criteria described in detail below. The 2023 LOPP was used by FDOT to develop the FY 2025-2029 Tentative Five-Year Work Program based on the priority of the projects. That Five-Year Work Program was then used to develop this TIP.

LSMPO has a formal process for prioritizing projects in the LOPP. This process begins every year in the fall. Local governments are asked to submit new projects for consideration and to update existing projects on the LOPP. All projects on the LOPP must have a Priority Projects Programming Process (4P) application. The local sponsoring jurisdiction completes a Project Information Application (PIA). It must be submitted to FDOT to be eligible for programming in FDOT's Five-Year Work Program and the TIP once funding becomes available. The MPO has created an online application to aid local partners in the information-gathering process for new projects submitted for inclusion in the LOPP. Applicants can access the application via the LSMPO website: <http://www.lakesumtermo.com/documents/lopp.aspx>. The local sponsor agency should review and update the PIA every year and for each new phase of project development.

After the PIAs are submitted, every project undergoes screening by MPO staff. LSMPO has developed a set of criteria to aid in project prioritizations. The following are considered during the screening:

- Completion of the PIA, including detailed cost estimates;
- CMP System Performance Measure evaluation and assignment;
- Consistency with the goals and objectives of the MPO's LRTP;
- Inclusion in the MPO's LRTP Cost Feasible Plan;

- Consistency with the goals, objectives, and policies of the county's and local municipality's comprehensive plan; and
- Support for economic vitality, community development, business functionality, and/or creation or retention of employment opportunities.

After MPO staff complete the initial review of new and existing priority projects, they create the Draft LOPP for committee review. The Draft LOPP is reviewed by the TAC and the CAC. Before adoption, the Board receives a summary from each committee with recommendations and comments. The Board has final approval of the LOPP and adopts the LOPP before submitting it to FDOT. The MPO is required to submit the list to FDOT District 5 by July 1st of each year. The MPO uses the adopted LOPP to develop its TIP.

The LSMPO, in coordination with FDOT, identifies performance measure targets for safety and travel time reliability. The targets have been set and adopted by the MPO Board; MPO staff will identify ways to incorporate the performance measures into the prioritization criteria.

**2045 LRTP** To be included in the TIP, a project must first be identified in the MPO's LRTP. The MPO's 2045 LRTP was adopted in December 2020 and identifies the transportation improvements needed to accommodate the projected population growth through 2045. Of those transportation improvement needs, a cost-feasible plan was developed that identifies the projects that can be implemented based on the projected revenues for transportation improvements.

**LOPP** Each year, the MPO updates the LOPP, which identifies priorities for highway (SIS, non-SIS, and regional), transit, bicycle, pedestrian, and airport projects. For the Lake~Sumter MPO's FY 2025-2029 TIP, the project selection process

started in May 2023. At that time, MPO staff, in conjunction with FDOT and local government officials, met to discuss MPO priorities. In June 2023, the MPO submitted its LOPP to FDOT.

Using the MPO's 2023 LOPP, FDOT developed its FY 2025-2029 Tentative Work Program. That five-year work program was presented to the MPO in April 2023 and constitutes the principal part of this TIP.

**CMP** The CMP is utilized by staff and project sponsors in the development cycle of the LOPP and TIP. The CMP is available to MPO committee members, Board members, and the public to evaluate the criteria of priority projects in the LOPP and TIP. The Tier 1 projects in the LOPP were all evaluated for CMP System Performance Measure criteria; most projects were System Performance and/or Safety. The MPO has developed a tiered priority process that defines the top priority based on network performance improvements.

### *2023 Lake~Sumter MPO List of Priority Projects – Prioritization Process and Schedule*

*The annual LOPP is critical to the development of the TIP and FDOT Work Program. The projects within the LOPP should advance: the preservation of existing transportation infrastructure; enhancement of Florida's economic competitiveness; and improvement of travel choices to ensure mobility (s. 339.175(8), F.S.).*

*The following additional factors were considered in the development of the 2023 LOPP:*

- *Transportation needs and priorities identified by the MPO, local governments, and FDOT.*
- *Goals and objectives of the MPO's approved LRTP.*
- *The Strategic Intermodal System Plan developed under s. 339.64, F.S.*
- *The Transportation Regional Incentive Program (TRIP) priorities (s. 339.2819(4), F.S.).*
- *Results of the transportation management systems.2F*
- *The MPO's public involvement procedures.*
- *The goals, objectives, and policies of the local government's comprehensive plan.*
- *Support for economic vitality, community development, business functionality, and creation or retention of employment opportunities.*

*LSMPO also developed three new guidance and informational documents to assist with the prioritization process. These documents include:*

- *LOPP Overview and Guidance*
- *LOPP Screening Form*
- *LOPP Project Sufficiency Checklist*

The 2023 schedule for the LOPP is shown in Table 7.

Table 7 | 2023 LOPP Schedule

<b>2022</b>	
<b>September-December</b>	Solicit project submissions from counties, local municipalities, federal land managers, and the public.
<b>2023</b>	
<b>January</b>	Review project submissions and grade project applications for sufficiency.
<b>February</b>	Coordinate with project sponsors to discuss submissions, provide additional guidance, and receive updates. Discuss the LOPP schedule/approach with FDOT.
<b>March - Mid-April</b>	Staff develops preliminary Top 20, using adopted prioritization criteria.
<b>Late April - Early May</b>	Counties and municipalities review preliminary Top 20 and provide comments to staff.
<b>Mid-May - Late May</b>	Staff develops Draft 2023 LOPP with Top 20 as Tier 1 and remaining LOPP projects as Tier 2.
<b>June</b>	Post Draft 2023 LOPP for public review on the MPO website: <a href="http://www.LakeSumterMPO.com">www.LakeSumterMPO.com</a>
	Technical and Citizen Advisory Committees / Governing Board review and approve, public comments reviewed and considered in approval process.
<b>By June 30</b>	Submit Final 2023 LOPP to FDOT on or before July 1, 2023.

## Implemented Projects

FDOT produces an annual listing of projects for which federal funds were obligated in the previous year. This list, which can be found in Appendix C, has been published and made available for public review through FDOT.

The current TIP for FY 2025-2029 implemented many important projects for the Lake~Sumter MPO planning area which are referenced within Table 8, including:

Table 8 | LSMPO Implemented Projects

FM# DOT	Project Description	Work Description	County
<b>2383955</b>	SR 500 (US 441) From Lake Ella Rd To Avenida Central	Add Lanes and Reconstruct	LAKE
<b>4296062</b>	CR 561 At CR 455	Lighting	LAKE
<b>4354712</b>	South Sumter Trail SR 471 From SR 50 To CR 478	Bike Path/Trail	SUMTER

<b>4410141</b>	SR 44 From Citrus County Line To West Of I-75	Resurfacing	SUMTER
<b>4435112</b>	CR 44 to Lake/Marion County Line	Safety Project	LAKE
<b>4452971</b>	SR 19 From North of Stevens Ave To CR 452	Resurfacing	LAKE
<b>4488761</b>	SR 19 From Florida Ave To Lakeview Ave	Sidewalk	LAKE

## Funded Capacity Improvement Projects

There are 14 capacity improvement projects in Lake and Sumter Counties that have funding identified in the FY 2025-2029 TIP totaling over \$1,174 million.

Five of these projects are in the 2023 LOPP Top 20 priority projects, and two of the projects have been identified in the CMP as extremely congested (2023 and 2028). These projects are fully listed within Table 9

Table 9 | LSMPO Funded Capacity Improvement Projects

FM# DOT	Project Description	Project Category	County
<b>4301321***</b>	SR 35 (US 301) from CR 525E to Florida's Turnpike	Roadway Capacity Projects (Non-SIS)	Sumter
<b>4301322</b>	SR 35 (US 301) from CR 470 to CR 525E	Roadway Capacity Projects (Non-SIS)	Sumter
<b>4357851</b>	Widen TPK Orange/Lake County Line - Minneola (MP 274-279.2) (4 to 8 Lanes)	Strategic Intermodal System Projects (SIS)	Lake
<b>4357861</b>	Widen TPK (SR 91)- Minneola Interchange to Obrien Rd (MP 279.2-285.8) (4 to 8 lanes)	Strategic Intermodal System Projects (SIS)	Lake
<b>4357863</b>	Widen TPK (SR 91) - Obrien Rd to US 27 (MP 285.9-289.6) (4 to 8 Lanes)	Strategic Intermodal System Projects (SIS)	Lake
<b>4357871</b>	Widen TPK- US 27 to CR 470 Interchange (MP 289.3 - 297.3) (4 to 8 lanes)	Strategic Intermodal System Projects (SIS)	Lake
<b>4357881</b>	Widen TPK- Lake/Sumter County Line to US 301 Interchange (MP 297.9-304.5)	Strategic Intermodal System Projects (SIS)	Sumter
<b>4357882</b>	Widen TPK from CR 470 Interchange to Lake/Sumter County Line (MP 297.3-297.9) (4 to 8 lanes)	Strategic Intermodal System Projects (SIS)	Lake
<b>4357891</b>	Widen TPK (SR 91) US 301 Interchange to I-75 Interchange (MP 304.5-308.9)	Strategic Intermodal System Projects (SIS)	Sumter
<b>4358595</b>	SR 50 from East of the Sumter/Lake County Line to CR 33	Strategic Intermodal System Projects (SIS)	Lake

<b>4417102</b>	Round Lake Road from Lake/Orange CL To Wolf Branch Road	Roadway Capacity Projects (Non-SIS)	Lake
<b>4417811</b>	Hartwood Marsh Rd from US 27 to Savanna Ridge Ln (Proposed CR 455 Ext)	Roadway Capacity Projects (Non-SIS)	Lake
<b>4513221</b>	County Rd 48 from County Rd 469 To Lake/Sumter County Line	Roadway Capacity Projects (Non-SIS)	Sumter

\*\*\*Project in both the CMP and 2023 LOPP Top 20

## New Roadways Funded in Current TIP or County CIP

There is one new roadway referenced in Table 10 that is funded across the various phases within the FY 2025 – 2029 TIP. It is also in the 2023 LOPP Top 20 Priority Projects and is in the CMP as Congested (2028).

Table 10 | LSMPO New Roadways Funded in Current TIP or County CIP

FM# DOT	Project Description	Project Category
<b>4270561***</b>	SR 50/SR 33 from CR 565 (Villa City) to CR 565A (Montevista)	Strategic Intermodal System Projects (SIS)

\*\*\*Project in both the CMP and 2023 LOPP Top 20

## Congestion Management Process

The MPO's CMP<sup>3</sup> is a management system and process conducted to improve the safety and reliability of traffic operations by providing strategies to reduce travel demand on the roadway network or to improve the overall transportation network.

Per the FHWA, the CMP is “a systematic approach collaboratively developed and implemented throughout a metropolitan region, which provides for the safe and effective management and operation of new and existing transportation facilities through the use of demand reduction and operational management strategies.”

The CMP is intended to benefit the public by improving travel conditions with approaches that may often be implemented more quickly or at a lower cost than many capacity improvements, such as adding travel lanes or creating new travel corridors. The CMP also identifies longer-term solutions that will be considered in the MPO's LRTP.

Six categories of performance measures are identified in the System Performance Monitoring Plan. They include:

- Level of Service
- Safety
- Transit
- Bicycle and Pedestrian
- Carpooling

- Truck Traffic CMP Systems Evaluation 2022 Update focused solely on the vehicle level of service and trends in vehicle level of service<sup>4</sup>

The evaluation established congestion levels based on the acceptable operating Level of Service (LOS) standard. Congestion levels are broken down as follows:

- Not Congested
  - Operating at acceptable LOS
- Approaching Congestion / Adopted LOS Threshold
  - Operating at 90% to 100% of LOS Standard
- Congested
  - Exceeding 100% of LOS Standard but less than 108% of physical capacity
- Extremely Congested
  - Exceeding 108% of physical capacity

## Efficient Transportation Decision Making

The MPO makes extensive use of ETDM throughout the planning process. All appropriate projects in the TIP were subject to ETDM planning and programming screening.

## Transportation and Transportation Disadvantaged (TD)

The projects listed in this TIP are part of the MPO's 2045 LRTP, Lake County 2023-2032 TDP, and Lake and Sumter County Transportation Disadvantaged Service Plans (TDSP). The plans and the projects identified in the TIP are also consistent, to the maximum extent feasible, with the adopted Comprehensive Plans of the local governments in the Lake~Sumter area.

<sup>3</sup> [Congestion Management Process | \(lakesumtermpo.com\)](https://lakesumtermpo.com/congestion-management-process/)

<sup>4</sup> [system-performance-monitoring-plan-year-2022-update 8-01-22.pdf \(lakesumtermpo.com\)](https://lakesumtermpo.com/system-performance-monitoring-plan-year-2022-update-8-01-22.pdf)

SCT expenses for Transportation Disadvantaged Services were \$1,377,281 for fiscal year 2023, an increase from fiscal year 2022.

The TIP funds for SCT are \$2,228,788 in local funds for FY 2025-2029.

## Environmental Justice Analysis

Environmental Justice (EJ) is the fair treatment and meaningful involvement of all groups within the community. Per Presidential Executive Order 12898, efforts must be made throughout the development of plans and projects to avoid disproportionate adverse effects on minority and low-income populations. This attention to protecting all communities is critical, and this plan included efforts to evaluate sociocultural effects and EJ.

The two driving characteristics of EJ areas in the MPO planning area, as identified in the 2045 LRTP, are the

percentage of households at or below the poverty level and the percentage of minority population.

The data shown in this report is updated to reflect the latest 2021 American Community Survey (ACS). Census block data was used to show the levels of EJ populations within the MPO geographic area. Table 11, Table 12, and Table 13 shows the most current data. Figure 7, Figure 8, Figure 9, and Figure 10 identifies the geographical analysis of this data.

Table 11 | LSMPO Population - 2017 to 2022

MPO Planning Area	2017	2022	Population Change	2017 Percent	2022 Percent	Percentage Change (%)
<b>White</b>	373,959	400,272	26,313	84.4%	77.2%	-7.2%

# Performance Management

## Florida Transportation Plan (FTP)

The Florida Transportation Plan (FTP) is the single overarching statewide plan guiding Florida's transportation future. The plan was created by, and provides direction to, FDOT and all organizations that are involved in planning and managing Florida's transportation system, including statewide, regional, and local partners. This includes the Lake~Sumter MPO. The FTP Policy Element is Florida's long-range transportation plan as required by both state and federal law and this element points toward a future transportation system that embraces all modes of travel, innovation, and change.

MPOs are required to address the goals included in the FTP. These goals, as outlined in the May 2020 FTP Vision Element, are:

- Safety and security for residents, visitors, and businesses,
- Agile, resilient, and quality transportation infrastructure,
- Connected, efficient, and reliable mobility for people and freight,
- Transportation choices that improve accessibility and equity,
- Transportation solutions that strengthen Florida's economy,
- Transportation solutions that enhance Florida's communities,
- Transportation solutions that enhance Florida's environment.

MPOs must also incorporate any performance targets included in the Statewide Freight Plan and Asset Management Plan. Current guidance from FDOT indicates that no additional performance targets will be included in these plans.

## Performance-Based Planning

### Federal Guidance

The U.S. Secretary of Transportation established criteria for evaluating the new performance-based planning processes. This included the identification of specific performance

measures that all states and each MPO must evaluate. The process required FDOT to develop appropriate performance targets for these measures and to monitor the progress made toward achieving the targets. This also requires MPOs in Florida to either accept and support FDOT's performance targets or establish, formally adopt, and monitor their own performance targets.

### Overview of Statewide Performance Measures and Targets

FDOT worked in collaboration with MPOs and public transportation providers to establish statewide targets for the following:

*Safety.* Florida shares the national traffic safety vision "Toward Zero Deaths," and formally adopted its own version of the national vision, "Target Zero." FDOT and its traffic safety partners are committed to eliminating fatalities and reducing serious injuries with the understanding that the death of any person is unacceptable, and based on that, zero is the target for all the safety performance measures. This goal is reflected as part of each statewide transportation performance measure in the FTP Policy element, Florida's Strategic Highway Safety Plan (SHSP), Highway Safety Improvement Program (HSIP), and Highway Safety Plan (HSP).

*Pavement Condition.* The pavement condition performance measures assess pavement conditions based on the International Roughness Index (IRI), cracking, rutting (for asphalt pavements), and faulting (for jointed concrete pavements). For asphalt and jointed concrete pavements, a 0.1-mile segment is considered in good condition if all three metrics are rated Good; if two or more metrics are considered poor, the condition is Poor. The federal rule requires a new methodology be used to measure rut depth and cracking that has not been historically used by FDOT. In consideration of the differences in the data collection requirements used by FDOT and those mandated by the rule, as well as other unknowns associated with the new required processes, initial 2- and 4-year targets were established.

*Bridge Condition.* The bridge condition performance measures for the percent of deck area classified as Good and Poor is determined using National Bridge Inventory (NBI) condition ratings for deck, superstructure, substructure, and culvert. Condition is determined by the lowest rating of these items using a scale of 1 to 9. If the NBI rating is 1 to 4, the bridge is classified as Poor; NBI rating 7 to 9, the bridge is Good. Bridges rated below 7 but above 4 are classified Fair; however, there is no related FHWA performance measure associated with that rating. Considering the differences in criteria, initial 2- and 4-year targets were established.

*System Performance.* The travel time reliability metric is calculated for each segment of the National Highway System (NHS), weighted by volume and occupancy. Data is collected in 15-minute segments during four total time periods and is reported as the “percent of reliable person-miles traveled.” The segment is considered reliable if the reliability ratio is below 1.50 during all time periods. Freight movement is assessed by calculating truck travel time reliability ratio using data from five total time periods. The higher the ratio value, the less reliable the segment. A matrix showing consistency between the goals of the 2045 LRTP and the ten planning factors from the FAST Act is shown in Table 14.

## **The Infrastructure Investment and Jobs (IIJA) Act**

Enacted in 2021, the bipartisan IIJA act provides additional support and enhances the FAST Act and MAP-21. It also helps support the new planning emphasis areas, such as equity and climate.

## **Fixing America's Surface Transportation (FAST) Act**

Enacted in 2015, the FAST Act (Public Law No. 114-94) provides support and enhancement to the Moving Ahead for Progress in the 21st Century Act (MAP-21). The FAST Act is the first federal law to provide long-term funding to infrastructure planning and investment for surface transportation since the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) became law in 2005.

The FAST Act supports MAP-21 by continuing to create a streamlined, performance-based surface transportation program that builds on many of the multimodal transportation policies first established under the Intermodal Surface Transportation Efficiency Act (ISTEA) of 1991. Establishing a performance- and outcome-based program requires the investment of financial resources in projects that collectively progress toward achieving national multimodal transportation goals. The 2045 LRTP has been developed to ensure compliance with the requirements of the FAST Act and includes a performance-based approach to the transportation decision-making process.

## **FAST Act Planning Factors**

The FAST Act has established specific planning factors that call for the recognition of and address the relationship between transportation, land use, and economic development. The federal planning factors form the cornerstone for the 2045 LRTP and include:

- Supporting the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency.
- Increasing the safety of the transportation system for motorized and non-motorized users.
- Increasing the security of the transportation system for motorized and non-motorized users.
- Increasing accessibility and mobility of people and freight.
- Protecting and enhancing the environment, promoting energy conservation, improving quality of life, and promoting consistency between transportation improvements and state and local growth and economic development patterns.
- Enhancing the integration and connectivity of the transportation system, across and between modes, for people and freight.
- Promoting efficient system management and operation.
- Emphasizing the preservation of the existing transportation system.

## **Lake-Sumter MPO 2045 LRTP**

Pursuant to MAP-21, enacted in 2012, and the FAST Act enacted in 2015, state departments of transportation (DOT) and MPOs must apply a transportation performance management approach in carrying out their federally required transportation planning and programming activities. The process requires establishing and using a coordinated, performance-based approach to transportation decision-making to support national goals for the federal-aid highway and public transportation programs.

On May 27, 2016, the FHWA and the FTA issued the Statewide and Nonmetropolitan Transportation Planning and Metropolitan Transportation Planning Final Rule (The Planning Rule). This rule details how state DOTs and MPOs must implement new MAP-21 and FAST Act transportation planning requirements, including the transportation performance management provisions.

- Improving the resiliency and reliability of the transportation system and reducing or mitigating stormwater impacts of surface transportation.
- Enhancing travel and tourism.

In accordance with the Planning Rule, the Lake-Sumter MPO included a description of the performance targets that apply to the MPO planning area and a System Performance Report. The System Performance Report evaluates the condition and performance of the transportation system with respect to required performance targets and reports on progress achieved in meeting the targets in comparison with baseline data and previous reports.

Goals and objectives reflecting the vision of the planning area were developed at the outset of the planning process. They are consistent with the guidance and requirements of the FAST Act, current federal transportation planning requirements, and the FTP.

#### *GOAL 1 – SUPPORT ECONOMIC SUCCESS AND COMMUNITY VALUES*

- Objective 1.1 – Reduce congestion and improve travel reliability for the traveling public and freight users on highways and major arterials.
- Objective 1.2 – Enhance access to major employment centers.

- Objective 1.3 – Coordinate regional transportation planning efforts and local comprehensive planning efforts.
- Objective 1.4 – Minimize negative environmental impacts associated with transportation investments.
- Objective 1.5 – Address Environmental Justice in all appropriate aspects of MPO planning.

#### *GOAL 2 – PROMOTE SAFETY AND SECURITY*

- Objective 2.1 – Prioritize investments to reduce crash-related Fatalities for all modes of transportation.
- Objective 2.2 – Prioritize investments to reduce crash-related Serious Injuries for all modes of transportation.
- Objective 2.3 – Prioritize investments to reduce Bicycle and Pedestrian crash-related Fatalities and Serious Injuries.
- Objective 2.4 – Prioritize investment evacuation routes.
- Objective 2.5 – Invest in Transit security.

#### *GOAL 3 – IMPROVE TRANSPORTATION OPERATIONS*

- Objective 3.1 – Invest in Intelligent Transportation Systems (ITS).
- Objective 3.2 – Invest in Vehicle to Infrastructure Communication.
- Objective 3.3 – Invest in cost-effective Congestion Management strategies.

#### *GOAL 4 – IMPROVE MOBILITY*

- Objective 4.1 – Improve transportation options available.
- Objective 4.2 – Invest in Bicycle and Pedestrian infrastructure.
- Objective 4.3 – Maintain or enhance Transit service.
- Objective 4.4 – Balance regional capacity needs with human-scale accessibility needs (Complete Streets).
- Objective 4.5 – Invest in Context-Sensitive/Complete Street investments in multimodal corridors.

#### *GOAL 5 – SYSTEM PRESERVATION*

- Objective 5.1 – Maintain transportation infrastructure.
- Objective 5.2 – Maintain transit assets.

A matrix showing consistency between the LRTP Goals and the planning factors from the FTP is shown in Table 14.

Table 14 | 2045 LRTP Goals and Florida Transportation Plan Goals

2045 LRTP Goals	Florida Transportation Plan Goals						
	Safety and Security	Infrastructure	Mobility	Transportation Choices	Economy	Communities	Environment
Economic Success and Community Values	●	●	●	●	●	●	●
Safety and Security	●	●	●	●	●	●	
Transportation Options	●	●	●	●	●	●	●
Mobility	●		●	●	●	●	
System Preservation	●	●	●	●	●	●	●

## Federal Performance Measures

The FAST Act has also established specific Performance Measures to evaluate critical needs by setting targets for safety, asset maintenance, and travel time reliability.

The federal Performance Measures are listed below.

### *Highway Safety Measures (PM1)*

- Fatalities
- Serious Injuries
- Non-Motorized Fatalities and Serious Injuries

### *Pavement and Bridge Condition (PM2)*

- Pavement Condition
- Bridge Condition

### *System Performance, Freight, & Congestion Mitigation & Air Quality Improvement Program Measures (PM3)*

- Level of Travel Time Reliability (LOTTR) - on the Interstate
- LOTTR - on non-Interstate
- Truck Travel Time Reliability (TTTR) index

### *Transit Asset Management Measure (TAM)*

- State of good repair for
  - Equipment
  - Rolling Stock
  - Infrastructure
  - Facilities

## Safety Performance Targets (PM1)

Safety is the first national goal identified in the FAST Act. In March 2016, the HSIP and Safety Performance Management Measures Rule (Safety PM Rule) were finalized and published in the Federal Register. The rule requires MPOs to establish targets for the following safety-related performance measures and report progress to the state DOT:

1. Number of Fatalities;
2. Rate of Fatalities per 100 million Vehicle Miles Traveled (VMT);
3. Number of Serious Injuries;
4. Rate of Serious Injuries per 100 million VMT; and
5. Number of Non-motorized Fatalities and Non-motorized Serious Injuries.

The Lake~Sumter MPO, along with FDOT and other traffic safety partners, shares a high concern about the upward trend of traffic fatalities, both statewide and nationally. As such, the Lake~Sumter MPO must set targets by February 27 of each year. LSMPO has again agreed to support FDOT's statewide safety performance targets for calendar year 2024, thus agreeing to plan and program projects in the TIP that, once implemented, are anticipated to make progress toward achieving the statewide targets. The safety initiatives within this TIP are intended to contribute toward achieving these targets. The Lake~Sumter MPO and statewide safety performance measures and targets are listed in Table 15.

Table 15 | PM1 Performance Measures and Targets

Performance Measures	FDOT 2024 Statewide Targets	Lake-Sumter MPO 2024 Targets
Number of fatalities	0	0
Rate of fatalities per 100 million VMT	0	0
Number of serious injuries	0	0
Rate of serious injuries per 100 million VMT	0	0
Number of non-motorized fatalities and non-motorized serious injuries	0	0

The TIP includes specific investment priorities that support the MPO's goals and objectives, including safety, using a prioritization and project selection process established in the 2045 LRTP. This process evaluates projects that have an anticipated effect of reducing both fatal and injury crashes. The MPO's goal of reducing fatal and serious injury crashes is linked to the TIP and the process used in prioritizing the projects is consistent with federal requirements.

Safety projects in the FY 2025-2029 LSMPO TIP are split into two categories:

- Bike/Ped and Sidewalk
- Safety/Operations/TSMO

These project categories as presented in this report, contain several FDOT work descriptions. The categories have been created to make it easier to capture the projects in the TIP and correlate them to the LOPP report. A list of the project categories and FDOT work descriptions can be found in Appendix A.

The TIP FY 2025-2029 includes a total of 52 projects under these two categories. These projects total over \$191 million, representing 12% of the total project costs in the TIP. A sample list of these projects is shown in Table 16. The MPO continues monitoring investments in the TIP and demonstrating progress toward goals and objectives.

Table 16 | LSMPO Sample Safety Projects

FM# DOT	Project Description	County	Project Category
<b>4479901</b>	Beverly Shores Neighborhood Sidewalk Project At Various Locations	Lake	Bike/Ped and Sidewalk
<b>4492341</b>	CR 466 at CR 475 Roundabout	Sumter	Safety/Operations/TSMO
<b>4505841</b>	SR 44 / Main St. / SR 500 At Intersection CR 473(Creek Rd/Bluegill Dr)	Lake	Safety/Operations/TSMO
<b>4507721</b>	SR 50/SR 471 From West Of CR 739 To East Of SR 471/Tarrytown Rd	Sumter	Safety/Operations/TSMO
<b>4507401</b>	SR 25 (US 27) From N Of SR 50 To CR 561A/Southern Breeze Dr	Lake	Safety/Operations/TSMO

### *Complete Streets*

A transportation system that addresses the needs of all users of the road, including the needs of people who walk, bike, drive, and take transit is an essential component of the MPO's safety commitment. Complete Streets are roadways designed to accommodate all users and may include sidewalks, bicycle lanes/paved shoulders, dedicated bus lanes, pedestrian crossings, and traffic calming measures. The MPO supports Complete Streets as an alternative transportation strategy to balance quality of life and mobility issues. There are no complete streets projects included in this TIP. The 2023 LOPP listed a total of 9 complete street projects. Nevertheless, because safety is inherent in so many FDOT and LSMPO programs and projects, this TIP is anticipated to support progress toward achieving the safety targets. The MPO does

spend the 2% of PL funding for planning studies on helping advance Complete Streets efforts in the region.

### Crash Locations for Future Study

Geographical crash data from Signal Four Analytics for the years 2019 through 2023 was reviewed to identify areas of high crash concentrations with serious injuries and fatalities that could benefit from future study or be incorporated into safety-related projects. Although specific improvements should be tailored to address prevalent crash types, potential safety improvements could include elements such as signal timing or phasing changes, changes in traffic control or access management, speed management treatments, and/or bicycle and pedestrian improvements.

Table 17 summarizes the intersections with the highest number of serious injury and fatal crashes that should be considered for future study and safety improvements. High crash locations have been listed in a map as Figure 11 | Top Intersection Locations for Serious Injury or Fatal Crashes Map.

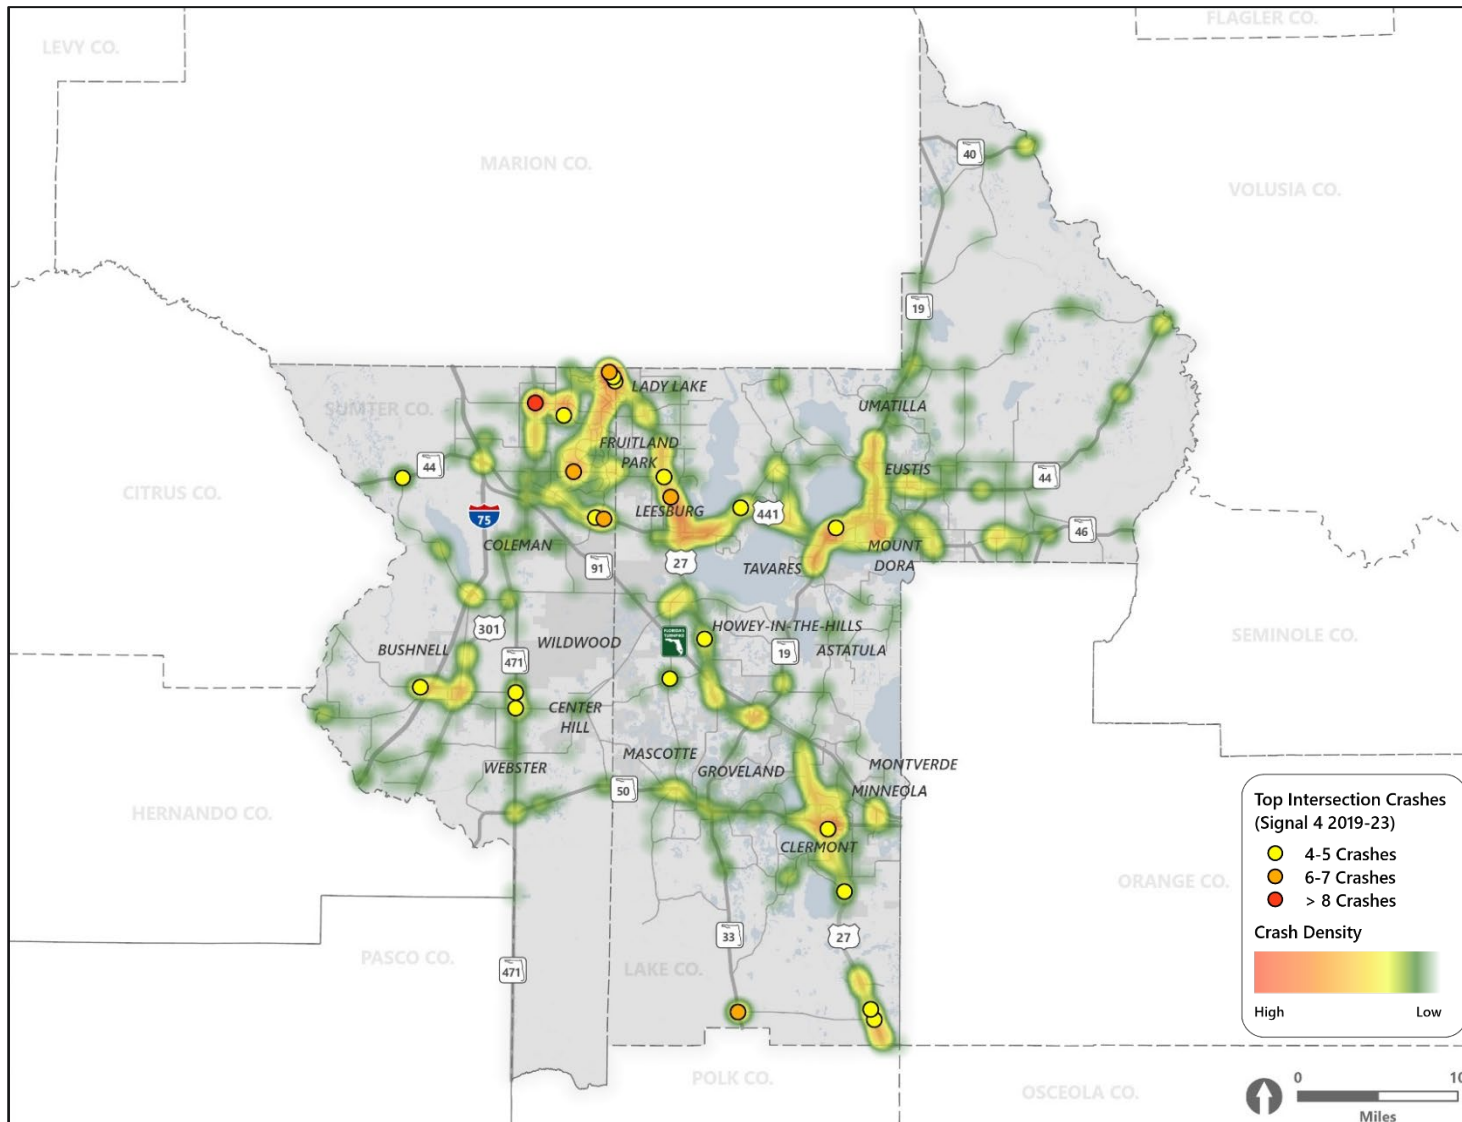

Table 17 | Top Intersection Locations for Serious Injury or Fatal Crashes

Total Serious Injury or Fatal Crashes	Intersection	County
10	US-301 & CR-466	Sumter
7	CR-466A & Buena Vista Blvd	Sumter
6	SR-33 & CR-474	Lake

## Pavement & Bridge Condition Measures (PM2)

The second of the performance measures rules issued by the FHWA became effective on May 20, 2017, establishes measures to assess pavement and bridge condition on the NHS. Requirements involve measuring the condition of these facilities and reporting conditions that are considered “Good”

and those considered “Poor.” Facilities rated as “Good” suggest that no major investments are needed. Facilities rated as Poor indicate major investments will be needed in the near term.

In December 2022, FDOT established statewide targets for 2023 and 2025.

Table 18 | PM2 Performance Measures and Targets

Performance Measures	2-Year Statewide Target	4-Year Statewide Target
<b>Pavement</b>		
Percent of Interstate NHS Pavement in: Good Condition	60%	60%
Percent of Interstate NHS Pavement in: Poor Condition	5%	5%
Percent of Non-Interstate NHS Pavement in: Good Condition	40%	40%
Percent of Non-Interstate NHS Pavement in: Poor Condition	5%	5%
<b>Bridges</b>		
Percent of NHS Bridges by Deck Area in: Good Condition	50%	50%
Percent of NHS Bridges by Deck Area in: Poor Condition	10%	10%

FDOT has the capability to collect and maintain data regarding bridge and pavement conditions. Table 18 presents the statewide targets.

On September 26, 2018, the Lake-Sumter MPO agreed to support FDOT's statewide pavement and bridge performance targets for 2023 targets, thus agreeing to plan and program projects in the TIP that, once implemented, are anticipated to make progress toward achieving the statewide targets. LSMPO has continued to support the FDOT's 2-year and 4-year targets for their performance measures.

The Lake-Sumter MPO TIP reflects investment priorities established in the Lake-Sumter MPO 2045 LRTP. The focus of Lake-Sumter MPO's investments in bridge and pavement conditions, such as those in the following categories:

- Bridge replacement or reconstruction,
- New bridge capacity on the NHS,
- System resiliency projects that improve NHS bridge components (e.g., upgrading culverts),
- Pavement replacement or reconstruction (on the NHS),
- New NHS lanes or widenings, including resurfacing existing lanes associated with new capacity.

#### *Pavement and Bridge Investments in the TIP*

The projects included in the TIP are consistent with FDOT's Five-Year Work Program, and therefore to FDOT's approach to prioritize funding to ensure the transportation system is adequately preserved and maintained. Per federal planning requirements, the state selects projects on the NHS in cooperation with the MPO from the approved TIP. Given the significant resources devoted in the TIP to pavement and bridge projects, the MPO anticipates that once implemented,

the TIP will contribute to progress towards achieving the statewide pavement and bridge condition performance targets.

The TIP FY 2025 to 2029 includes 19 projects, representing 48 miles of roadway, that focus on improving pavement and bridge conditions. These projects total over \$114 million in funding, a decrease from last year's TIP. A sample list of these projects is shown in Table 19. The MPO continues monitoring investments in the TIP and demonstrating progress toward goals and objectives.

Table 19 | LSMPO Sample Pavement and Bridge Projects

FM# DOT	Project Description	County	Type of Work Description
<b>4507721</b>	From West Of CR 739 To East Of SR 471/Tarrytown Rd	Sumter	Pavement Only Resurface (Flex)
<b>4473851</b>	CR 470 From CR 414 To CR 485	Sumter	Resurfacing
<b>4452951</b>	SR 471 from CR 478A To SR 35/US 301	Sumter	Pavement Only Resurface (Flex)
<b>4487391</b>	SR 44 from W Main St To West Of Taffy Ln	Lake	Resurfacing
<b>4526461</b>	SR 44 from US 441 / SR 44 / SR 500 To S Of SR 44 (Orange Ave)	Lake	Pavement Only Resurface (Flex)
<b>4487691</b>	SR 25 from CR 33 To Middlesex Rd	Lake	Resurfacing

### Travel Time Reliability (PM3)

The third set of Performance Measures were established in January 2017 by the USDOT. These measures assess passenger and freight performance on the Interstate and non-Interstate NHS. Federal rules require MPOs to establish four-year performance targets for the LOTTR and TTTR performance measures.

LOTTR is the percent of reliable person-miles on the interstate system. It is defined as the ratio of longer travel times (80th percentile) to normal travel times (50th percentile) during four time periods throughout the day.

TTTR is defined as the ratio of longer truck travel times (95th percentile) to a normal travel time (50th percentile) over the interstate during five time periods throughout the day.

On December 16, 2022, FDOT established statewide performance targets for the second performance period ending in 2025. The two-year targets represent performance at the end of calendar year 2023, while the four-year targets represent performance at the end of 2025.

On September 26, 2018, the Lake~Sumter MPO agreed to support FDOT's statewide system performance and freight targets, thus agreeing to plan and program projects in the TIP that once implemented, are anticipated to make progress toward achieving the statewide targets. Table 20 represents a statewide target for each PM3 measure.

Table 20 | PM3 Statewide System Performance Measures and Targets

Performance Measure	2-Year Statewide Target	4-Year Statewide Target
Percent of person-miles on the Interstate system that are reliable	75%	70%
Percent of person-miles on the non-Interstate NHS that are reliable	50%	50%
Truck travel time reliability index	1.75	2.0

### *System Performance and Freight Investments in the TIP*

The LSMPO TIP reflects investment priorities established in the 2045 LRTP. The focus of LSMPO's investments that address system performance and freight include projects in the following categories:

- Corridor improvements
- Intersection improvements (on NHS roads)
- Projects evaluated in the CMP and selected for the TIP
- Investments in transit, bicycle, or pedestrian systems that promote mode shift

- Managed lanes
- Freight improvements (Interstate) that increase reliability (could include improved weigh stations, addressing identified truck bottlenecks on the Interstate, etc.)
- TSMO/ITS projects or programs
- Travel demand management programs, park, and ride lots, etc.

A sample list of these projects is shown in Table 21. The MPO continues monitoring investments in the TIP and demonstrating progress toward goals and objectives.

Table 21 | LSMPO Sample System Performance and Freight Investments Projects

FM# DOT	Project Description	County	Project Category
<b>4270561</b>	SR 50/SR 33 from CR 565 (Villa City) To CR 565A (Montevista)	Lake	Strategic Intermodal System Projects (SIS)
<b>4301321</b>	SR 35 (US 301) from CR 525E to Florida's Turnpike	Sumter	Roadway Capacity Projects (Non-SIS)

<b>4514151</b>	SR 40 from SR 35 to Volusia County Line ITS Safety Deployment	Lake	Safety/Operations/TSMO Projects
<b>4513131</b>	SR 35 (US 301) from Lion St to E Kentucky Ave Complete Streets	Sumter	Complete Streets

## Transit Asset Management Performance Measures

The FTA published the final TAM rule in July 2016. The rule applies to recipients of Federal transit funds and requires that public transit providers develop and maintain a TAM plan, establish state-of-good (SGR) repair standards, and performance measures for the assets as described in Table 22.

Two transit service providers, LakeXpress and SCT, serve the MPO's planning area and are considered Tier II providers. On September 26, 2018, LakeXpress established TAM targets for each of the applicable asset categories. Table 23 presents the targets for Tier II providers that are not part of the Group TAM Plan.

SCT is part of the Group TAM Plan for Fiscal Years 2019/20-2022/23 developed by FDOT for Tier II providers in Florida. The FY 2021 asset conditions and FY 2022 targets for the Tier II providers are shown in Table 24. Only LakeXpress is federally required to develop a TAM.

The transit provider's TAM targets are based on the condition of existing transit assets and planned investments in equipment, rolling stock, infrastructure, and facilities. The targets reflect the most recent data available on the number, age, and condition of transit assets, and capital investment plans for improving these assets. The table summarizes both existing conditions for the most recent year available, and the current targets.

Table 22 | TAM Performance Measures

Asset Category	Performance Measures
Equipment	Percentage of non-revenue, support-service and maintenance vehicles that have met or exceeded their Useful Life Benchmark
Rolling Stock	Percentage of revenue vehicles within a particular asset class that have either met or exceeded their useful life benchmark
Infrastructure	Percentage of track segments with performance restrictions (There is currently no rail operating in Lake County)
Facilities	Percentage of facilities within an asset class rated below condition 3.0 on the Transit Economic Requirements Model (TERM) scale

Table 23 | FTA TAM Targets for Tier II Providers

Asset Category	Asset Class	2-Year Performance Target
<b>Revenue Vehicles</b>		
Age - % of revenue vehicles within a particular asset class that have met or exceeded their Useful Life Benchmark (ULB)	Bus	19%
	Cutaway Bus	53%
	Mini-Van	50%
	Van	50%
<b>Equipment</b>		
Age - % of equipment or non-revenue vehicles within a particular asset class that have met or exceeded their ULB	Non-Revenue Automobile	0%
<b>Facilities</b>		
Condition - % of facilities with a condition rating below 3.0 on the FTA TERM Scale	Administration/ Maintenance Facilities	0%

Table 24 | FDOT Group Plan TAM Targets for Tier II Providers

Asset Category	Asset Class	2-Year Performance Target
<b>Revenue Vehicles</b>		
Age - % of revenue vehicles within a particular asset class that have met or exceeded their ULB	Automobile	0%
	Bus	20.46%
	Cutaway Bus	9.32%
	School Bus	96%
	Mini-Van	18.61%
	SUV	19%
	Van	38.55%
<b>Equipment</b>		
Age - % of equipment or non-revenue vehicles within a particular asset class that have met or exceeded their ULB	Non-Revenue Automobile	≤66%
<b>Facilities</b>		
Condition - % of facilities with a condition rating below 3.0 on the FTA Transit Economic Requirements Model (TERM) Scale	Passenger/Parking Facilities	≤0%
	Administration/ Maintenance Facilities	≤0%

### *Transit Asset Management Investments in the TIP*

The Lake~Sumter MPO's TIP was developed and is managed in cooperation with LakeXpress and SCT. It reflects the investment priorities established in the Lake~Sumter MPO 2045 LRTP. FTA funding, as programmed by the region's transit providers and FDOT, is used for programs and products to improve the condition of the region's transit assets. The focus of Lake~Sumter MPO's investments address transit state of good repair such as those in the following categories:

- Bus and other vehicle purchase and replacements,
- Equipment purchases and replacements,
- Retrofits,
- Repair, rehabilitation, and replacement of transit facilities,
- Repair, rehabilitation, and replacement of transit infrastructure.

The Lake~Sumter MPO TIP has been evaluated, and the overall program's anticipated effect is that, once implemented, progress will be made toward achieving the TAM performance targets. The Lake~Sumter MPO will continue to coordinate with LakeXpress and SCT to maintain the region's transit assets in a state of good repair.

## Funding by Project Categories

The following section includes illustrative maps and summary tables based on project categories as follows:

- Aviation Projects
- Bike/Ped and Sidewalk Projects
- Planning Studies
- Roadway Capacity Projects (Non-SIS)
- Safety/Operations/TSMO Projects
- Strategic Intermodal System Projects (SIS)
- Trail Projects
- Transit and Transportation Disadvantaged Projects
- Complete Streets (There are no funded projects for this category)
- Other

- The summary tables are organized, and color-coded, by the nine project categories, and include the following information:

- A. Map Project Locator Number
- B. Priority Project Identifier (if applicable 2023 LOPP - Top 20 and Project Category Priority)
- C. Project Description: Location of Project
- D. Work Description: Type of Project
- E. FM#: FDOT Project Identification Number
- F. Funding Source: Federal, State, Local, or a combination thereof.
- G. LRTP Page: Where the project is referenced in the Lake-Sumter MPO 2045 LRTP
- H. Project Phase: See Glossary and Abbreviation Section
- I. Project Costs: Broken into Historic Project Cost: <2025; FY 2025-2029: Current TIP Project Costs; >2029: Future Project Costs; and Total Project Costs
- J. Responsible Agency
- K. County

## **Appendix B: Transportation Performance Measures Consensus Planning Document**

# Transportation Performance Measures Consensus Planning Agreement Approved October 23, 2019

The Lake~Sumter MPO Governing Board approved the Florida TPM Consensus Planning Agreement as part of the MPO's planning process.

## ***Transportation Performance Measures Consensus Planning Document***

### **Purpose and Authority**

This document has been cooperatively developed by the Florida Department of Transportation (FDOT) and Florida's 27 Metropolitan Planning Organizations (MPOs) through the Florida Metropolitan Planning Organization Advisory Council (MPOAC), and, by representation on the MPO boards and committees, the providers of public transportation in the MPO planning areas.

The purpose of the document is to outline the minimum roles of FDOT, the MPOs, and the providers of public transportation in the MPO planning areas to ensure consistency to the maximum extent practicable in satisfying the transportation performance management requirements promulgated by the United States Department of Transportation in Title 23 Parts 450, 490, 625, and 673 of the *Code of Federal Regulations* (23 CFR). Specifically:

- 23 CFR 450.314(h)(1) requires that "The MPO(s), State(s), and providers of public transportation shall jointly agree upon and develop specific written procedures for cooperatively developing and sharing information related to transportation performance data, the selection of performance targets, the reporting of performance targets, the reporting of performance to be used in tracking progress

toward achievement of critical outcomes for the region of the MPO, and the collection of data for the State asset management plan for the National Highway System (NHS).”

- 23 CFR 450.314(h)(2) allows for these provisions to be “Documented in some other means outside the metropolitan planning agreements as determined cooperatively by the MPO(s), State(s), and providers of public transportation.”

Section 339.175(11), Florida Statutes creates the MPOAC to “Assist MPOs in carrying out the urbanized area transportation planning process by serving as the principal forum for collective policy discussion pursuant to law” and to “Serve as a clearinghouse for review and comment by MPOs on the Florida Transportation Plan and on other issues required to comply with federal or state law in carrying out the urbanized transportation planning processes.” The MPOAC Governing Board membership includes one representative of each MPO in Florida.

This document was developed, adopted, and subsequently updated by joint agreement of the FDOT Secretary and the MPOAC Governing Board. Each MPO will adopt this document by incorporation in its annual Transportation Improvement Program (TIP) or by separate board action as documented in a resolution or meeting minutes, which will serve as documentation of agreement by the MPO and the provider(s) of public transportation in the MPO planning area to carry out their roles and responsibilities as described in this general document.

### ***Roles and Responsibilities***

This document describes the general processes through which FDOT, the MPOs, and the providers of public transportation in MPO planning areas will cooperatively develop and share information related to transportation performance management.

Email communications will be considered written notice for all portions of this document. Communication with FDOT related to transportation performance management generally will occur through the Administrator for Metropolitan Planning in the Office of Policy Planning.

Communications with the MPOAC related to transportation performance management generally will occur through the Executive Director of the MPOAC.

## 1. Transportation performance data:

- a) FDOT will collect and maintain data, perform calculations of performance metrics and measures, and provide to each MPO the results of the calculations used to develop statewide targets for all applicable federally required performance measures. FDOT also will provide to each MPO the results of calculations for each applicable performance measure for the MPO planning area, and the county or counties included in the MPO planning area.<sup>12</sup> FDOT and the MPOAC agree to use the National Performance Management Research Data Set as the source of travel time data and the defined reporting segments of the Interstate System and non-Interstate National Highway System for the purposes of calculating the travel time-based measures specified in 23 CFR 490.507, 490.607, and 490.707, as applicable.
- b) Each MPO will share with FDOT any locally generated data that pertains to the federally required performance measures, if applicable, such as any supplemental data the MPO uses to develop its own targets for any measure.
- c) Each provider of public transportation is responsible for collecting performance data in the MPO planning area for the transit asset management measures as specified in 49 CFR 625.43 and the public transportation safety measures as specified in the National Public Transportation Safety Plan. The providers of public transportation will provide to FDOT and the appropriate MPO(s) the transit performance data used to support these measures.

## 2. Selection of performance targets:

FDOT, the MPOs, and providers of public transportation will select their respective performance targets in coordination with one another. Selecting targets generally refers to the processes used to identify, evaluate, and make decisions about potential targets prior to action to formally establish the targets. Coordination will include as many of the following opportunities as deemed appropriate for each measure: in-person meetings, webinars, conferences calls, and email/written communication. Coordination will include timely sharing of information on

proposed targets and opportunities to provide comment prior to establishing final comments for each measure.

The primary forum for coordination between FDOT and the MPOs on selecting performance targets and related policy issues is the regular meetings of the MPOAC. The primary forum for coordination between MPOs and providers of public transportation on selecting transit performance targets is the TIP development process.

Once targets are selected, each agency will take action to formally establish the targets in its area of responsibility.

- a) FDOT will select and establish a statewide target for each applicable federally required performance measure.
  - i. To the maximum extent practicable, FDOT will share proposed statewide targets at the MPOAC meeting scheduled in the calendar quarter prior to the dates required for establishing the target under federal rule. FDOT will work through the MPOAC to provide email communication on the proposed targets to the MPOs not in attendance at this meeting. The MPOAC as a whole, and individual MPOs as appropriate, will provide comments to FDOT on the proposed statewide targets within sixty (60) days of the MPOAC meeting. FDOT will provide an update to the MPOAC at its subsequent meeting on the final proposed targets, how the comments received from the MPOAC and any individual MPOs were considered, and the anticipated date when FDOT will establish final targets.
  - ii. FDOT will provide written notice to the MPOAC and individual MPOs within two (2) business days of when FDOT establishes final targets. This notice will provide the relevant targets and the date FDOT established the targets, which will begin the 180-day time-period during which each MPO must establish the corresponding performance targets for its planning area.
- b) Each MPO will select and establish a target for each applicable federally required performance measure. To the extent practicable, MPOs will propose, seek comment on, and establish their targets through existing processes such as the annual TIP update. For each performance measure, an MPO will have

the option of either:

- i. Choosing to support the statewide target established by FDOT, and providing documentation (typically in the form of meeting minutes, a letter, a resolution, or incorporation in a document such as the TIP) to FDOT that the MPO agrees to plan and program projects so that they contribute toward the accomplishments of FDOT's statewide targets for that performance measure.
  - ii. Choosing to establish its own target, using a quantifiable methodology for its MPO planning area. If the MPO chooses to establish its own target, the MPO will coordinate with FDOT and, as applicable, providers of public transportation regarding the approach used to develop the target and the proposed target prior to establishment of a final target. The MPO will provide FDOT and, as applicable, providers of public transportation, documentation (typically in the form of meeting minutes, a letter, a resolution, or incorporation in a document such as the TIP) that includes the final targets and the date when the targets were established
- c) The providers of public transportation in MPO planning areas will select and establish performance targets annually to meet the federal performance management requirements for transit asset management and transit safety under 49 U.S.C. 5326(c) and 49 U.S.C. 5329(d).
- i. The Tier I providers of public transportation will establish performance targets to meet the federal performance management requirements for transit asset management. Each Tier I provider will provide written notice to the appropriate MPO and FDOT when it establishes targets. This notice will provide the final targets and the date when the targets were established, which will begin the 180- day period within which the MPO must establish its transit-related performance targets. MPOs may choose to update their targets when the Tier I provider(s) updates theirs, or when the MPO amends its long-range transportation plan by extending the horizon year in accordance with 23 CFR 450.324(c).
  - ii. FDOT is the sponsor of a Group Transit Asset Management plan for sub

recipients of Section 5311 and 5310 grant funds. The Tier II providers of public transportation may choose to participate in FDOT's group plan or to establish their own targets. FDOT will notify MPOs and those participating Tier II providers following establishment of transit-related targets. Each Tier II provider will provide written notice to the appropriate MPO and FDOT when it establishes targets. This notice will provide the final targets and the date the final targets were established, which will begin the 180-day period within which the MPO must establish its transit-related performance targets. MPOs may choose to update their targets when the Tier II provider(s) updates theirs, or when the MPO amends its long-range transportation plan by extending the horizon year in accordance with 23 CFR 450.324(c).

- iii. FDOT will draft and certify a Public Transportation Agency Safety Plan for any small public transportation providers (defined as those who are recipients or sub recipients of federal financial assistance under 49 U.S.C. 5307, have one hundred (100) or fewer vehicles in peak revenue service, and do not operate a rail fixed guideway public transportation system). FDOT will coordinate with small public transportation providers on selecting statewide public transportation safety performance targets, with the exception of any small operator that notifies FDOT that it will draft its own plan.
- iv. All other public transportation service providers that receive funding under 49 U.S. Code Chapter 53 (excluding sole recipients of sections 5310 and/or 5311 funds) will provide written notice to the appropriate MPO and FDOT when they establish public transportation safety performance targets. This notice will provide the final targets and the date the final targets were established, which will begin the 180-day period within which the MPO must establish its transit safety performance targets. MPOs may choose to update their targets when the provider(s) updates theirs, or when the MPO amends its long-range transportation plan by extending the horizon year in accordance with 23 CFR 450.324(c).
- v. meeting minutes, a letter, a resolution, or incorporation in a document such as the TIP)

that includes the final If the MPO chooses to support the asset management and safety targets established by the provider of public transportation, the MPO will provide to FDOT and the provider of public transportation documentation that the MPO agrees to plan and program MPO projects so that they contribute toward achievement of the statewide or public transportation provider targets. If the MPO chooses to establish its own targets, the MPO will develop the target in coordination with FDOT and the providers of public transportation. The MPO will provide FDOT and the providers of public transportation documentation (typically in the form of targets and the date the final targets were established. In cases where two or more providers operate in an MPO planning area and establish different targets for a given measure, the MPO has the options of coordinating with the providers to establish a single target for the MPO planning area, or establishing a set of targets for the MPO planning area.

### 3. Reporting performance targets:

- a) Reporting targets generally refers to the process used to report targets, progress achieved in meeting targets, and the linkage between targets and decision making processes FDOT will report its final statewide performance targets to the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) as mandated by the federal requirements.
- i. FDOT will include in future updates or amendments of the statewide long-range transportation plan a description of all applicable performance measures and targets and a system performance report, including progress achieved in meeting the performance targets, in accordance with 23 CFR 450.216(f).
- ii. FDOT will include in future updates or amendments of the statewide transportation improvement program a discussion of the anticipated effect of the program toward achieving the state's performance targets, linking investment priorities to those performance targets, in accordance with 23 CFR 450.218 (q).
- iii. FDOT will report targets and performance data for each applicable highway performance measure to FHWA, in accordance with the

reporting timelines and requirements established by 23 CFR 490; and for each applicable public transit measure to FTA, in accordance with the reporting timelines and requirements established by 49 CFR 625 and 40 CFR 673.

- b) Each MPO will report its final performance targets as mandated by federal requirements to FDOT. To the extent practicable, MPOs will report final targets through the TIP update or other existing documents.
    - i. Each MPO will include in future updates or amendments of its metropolitan long- range transportation plan a description of all applicable performance measures and targets and a system performance report, including progress achieved by the MPO in meeting the performance targets, in accordance with 23 CFR 450.324(f)(3-4).
    - ii. Each MPO will include in future updates or amendments of its TIP a discussion of the anticipated effect of the TIP toward achieving the applicable performance targets, linking investment priorities to those performance targets, in accordance with 23 CFR 450.326(d).
    - iii. Each MPO will report target-related status information to FDOT upon request to support FDOT's reporting requirements to FHWA.
  - c) Providers of public transportation in MPO planning areas will report all established transit asset management targets to the FTA National Transit Database (NTD) consistent with FTA's deadlines based upon the provider's fiscal year and in accordance with 49 CFR Parts 625 and 630, and 49 CFR Part 673.
4. Reporting performance to be used in tracking progress toward attainment of performance targets for the MPO planning area:
- a) FDOT will report to FHWA or FTA as designated, and share with each MPO and provider of public transportation, transportation performance for the state showing the progress being made towards attainment of each target established by FDOT, in a format to be mutually agreed upon by FDOT and the MPOAC.
  - b) If an MPO establishes its own targets, the MPO will report to FDOT on an

annual basis transportation performance for the MPO area showing the progress being made towards attainment of each target established by the MPO, in a format to be mutually agreed upon by FDOT and the MPOAC. To the extent practicable, MPOs will report progress through existing processes including, but not limited to, the annual TIP update.

- c) Each provider of public transportation will report transit performance annually to the MPO(s) covering the provider's service area, showing the progress made toward attainment of each target established by the provider.
5. Collection of data for the State asset management plans for the National Highway System (NHS):
- a) FDOT will be responsible for collecting bridge and pavement condition data for the State asset management plan for the NHS. This includes NHS roads that are not on the State highway system but instead are under the ownership of local jurisdictions, if such roads exist.

1 When an MPO planning area covers portions of more than one state, as in the case of the Florida-Alabama TPO, FDOT will collect and provide data for the Florida portion of the planning area.

2 If any Florida urbanized area becomes nonattainment for the National Ambient Air Quality Standards, FDOT also will provide appropriate data at the urbanized area level for the specific urbanized area that is designated.

3 When an MPO planning area covers portions of more than one state, as in the case of the Florida-Alabama TPO, that MPO will be responsible for coordinating with each state DOT in setting and reporting targets and associated data.

Mr. Michael Woods, Executive Director  
Lake-Sumter MPO  
1300 Citizens Blvd., Suite #175  
Leesburg, FL 34748

**RE: Request to Revise Fiscal Year (FY) 2024/25-2028/29 Transportation Improvement Program (TIP)**

Dear Mr. Woods:

Florida Department of Transportation (FDOT) requests Lake-Sumter MPO amend the FY 2023/24-2027/28 TIP as described below.

The scope for project #443511-2 has changed significantly to add roadway improvements. Phase 1 of the project included significant improvements only. Phase 2 of the project implements long-term improvements such as shoulder widening and site-specific safety improvements to the typical cross section of the roadway.

Please use the information in the table below to revise the TIP accordingly:

FM #	Project Description	Project Limits	Length	Phase	Fund Source	Amount	FY
443511-2	CR 452	CR 44 to Lake/ Marion County Line	8.928 miles	CST	ACSS	\$3,319,644	2025

**RE: Request to Revise Fiscal Year (FY) 2024/25-2028/29 Transportation Improvement Program (TIP)**

Dear Mr. Woods:

Florida Department of Transportation (FDOT) requests Lake-Sumter MPO amend the FY 2023/24-2027/28 TIP as described below.

Project #430253-6 has received federal earmark funding, and a Project Development and Environment (PD&E) study phase has been added in FY 25 and the Construction (CST) phase moved to FY 26. To receive authorization to use the funds, the TIP must be amended to include this phase in FY 25. All current project funding and information are provided in the table below.

Please use the information in the table below to revise the TIP accordingly:

FM #	Project Description	Project Limits	Length	Phase	Fund Source	Amount	FY
430253-6	CR- 466A	East of Timbertop Ln to East of Poinsettia Avenue	1.185 miles	PD&E	CD23	<b>\$500,000</b>	2025
				CST	CD23	\$3,112,000	2026
					CIGP	\$3,611,561	
					LF	<u>\$3,586,232</u>	
				<b>Phase</b>	<b>Total</b>	<b>\$10,309,793</b>	
					<b>Project Total</b>	<b>\$10,809,793</b>	

As always, feel free to contact the Liaison Group at [D5-MPOLiaisons@dot.state.fl.us](mailto:D5-MPOLiaisons@dot.state.fl.us) if you would like to discuss further.

Sincerely,

**RE: Request to Revise Fiscal Year (FY) 2023/24-2027/28 Transportation Improvement Program (TIP)**

Dear Mr. Woods:

Florida Department of Transportation (FDOT) requests Lake-Sumter MPO amend the FY 2023/24-2027/28 TIP as described below.

Project #430132-4 will add lanes and reconstruct US 301 from CR 525E to West of CR 468. As the project is refined, a separate segment which includes design-build/construction phases has been added. This will require a formal amendment to the TIP.

Please use the information in the table below to revise the TIP accordingly:

FM #	Project Description	Project Limits	Length	Phase	Fund Source	Amount	FY
430132-4	US 301	CR 525E to West of CR 468	2.016 miles	DSB	ACSN	\$3,328,419	2025

**RE: Request to Revise Fiscal Year (FY) 2023/24-2027/28 Transportation Improvement Program (TIP)**

Dear Mr. Woods:

Florida Department of Transportation (FDOT) requests Lake-Sumter MPO amend the FY 2023/24-2027/28 TIP as described below.

Projects #452508-1,#452508-2,#454487-1 and #454487-2 are new transit projects added to the TIP under the Federal Transit Authority (FTA) 5310 program. A formal amendment to the TIP is required to obtain authorization of the federal funds for the projects.

Please use the information in the table below to revise the TIP accordingly:

FM #	Project Description	Project Limits	Length	Phase	Fund Source	Amount	FY
452508-1	5310 Operating-Non Urban UZA-Building Blocks Ministries	N/A	N/A	CAP	DU LF Total	\$ 7,335 <u>\$ 7,335</u> \$ 14,670	2025

Lake-Sumter MPO  
1300 Citizens Blvd., Suite #175  
Leesburg, FL 34748

**RE: Request to Revise Fiscal Year (FY) 2024/25-2028/29 Transportation Improvement Program (TIP)**

Dear Mr. Woods:

Florida Department of Transportation requests Lake-Sumter MPO revise the FY 2024/25-2028/29 TIP.

Project #447990-2 is a local agency program (LAP) project managed by the City of Leesburg. The City has opted to use District Five's continuing services contract for design services. There is no additional money added to the project but a second segment (-2) for the project can be added to the TIP using the **modification** process. This will ensure federal funding for the project can be authorized.

Please use the information in the table below to revise the TIP accordingly:

FM#	Project Description	Project Limits	Length	Phase	Fund Source	Amount	FY
447990-2	Beverly Shores Neighborhood Sidewalk Project	At Various Locations	N/A	PE	LF SR2T <b>TOTAL</b>	\$29,990 <u>\$35,000</u> <b>\$64,990</b>	2025

To achieve planning consistency for the US 301 widening project (#430132) the project has been programmed into three separate segments. As such, project limits have changed on #430132-1, a new segment #430132-3 has been added. Some funding increases are reflected for the Design-Build (DSB) phase and funds for the design-build (DSB) phase have been moved from 430132-1 to 430132-3. The amendments are for project phase and costs which have changed in FY 2025 only. Project #430132-2 is not affected, however, to be completely transparent, all project details and funding totals are provided for the MPO. The MPO may also update items such as prior and future year costs and project lengths to match the project limits for each segment. These changes will require a formal **amendment** to the TIP.

### RE: Request to Revise Fiscal Year (FY) 2023/24-2027/28 Transportation Improvement Program (TIP)

Dear Mr. Woods:

Florida Department of Transportation (FDOT) requests Lake-Sumter MPO amend the FY 2023/24-2027/28 TIP as described below.

Project #452074-2 is a new project to add to the TIP in FY 25. This project is part of improvements along I-75 funded through the Moving Florida Forward program. This project will be delivered using the design-build method and will construct auxiliary lanes on I-75 from south of SR 44 to SR 200.

A railroad/utilities phase has been added to project #427056-1 in FY 25. This project is on SR 50 from CR 565 to CR 565A. This requires an amendment to the TIP to add this phase so federal funds to be used on the project can be authorized.

Please use the information in the table below to revise the TIP accordingly:

FM #	Project Description	Project Limits	Length	Phase	Fund Source	Amount	FY
452074-2	I-75 Improvements	South of S.R. 44 to S.R. 200	21.169 miles	Prior	Costs	\$ 25,414,117	<2025
				PD&E	DIH	\$ 8,371	2025

				PE	MFF DIH	\$ 3,028,715 <u>\$ 250,000</u> <b>\$ 3,278,715</b>

**RE: Request to Amend Fiscal Year (FY) 2025-2029 Transportation Improvement Program (TIP) – Annual Roll Forward**

Dear Mr. Woods:

The purpose of this letter is to request Lake-Sumter MPO amend the FY 2025-2029 TIP with the Annual Roll-Forward Report. The Roll Forward report reconciles differences between the TIP and Florida Department of Transportation's (FDOT) Adopted Five-Year Work Program. This annual process is routine and assists the MPO with identifying projects using federal funds that were not authorized during the previous state fiscal year (FY 2024). These projects have automatically "rolled forward" in the FDOT Adopted Five-Year Work Program as of July 1, 2024. This amendment ensures that year one of the TIP matches year one of FDOT's Adopted Five-year Work Program.

The reason for this amendment is to ensure projects with federal funding can be authorized prior to the new Federal Fiscal Year (FFY) beginning on October 1 each year. Until then, Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) continue to recognize the FY 2024 – 2028 TIP as the effective document. Adopting the Roll Forward Report and amending it into the FY 2025-2029 TIP ensures projects will continue to be authorized without interruption.

The affected projects are listed in the attached Roll-Forward Report dated July 1, 2024. The MPO is requested to add this report to the FY 2025-2029 TIP in its entirety.

If you have any questions, feel free to contact the Liaison Group at [D5-MPOLiaisons@dot.state.fl.us](mailto:D5-MPOLiaisons@dot.state.fl.us).

Sincerely,

DocuSigned by:
