FLORIDA DEPARTMENT OF TRANSPORTATION, FLORIDA'S TURNPIKE ENTERPRISE LAKE/SUMTER MPO CONSTRUCTION UPDATE REPORT

PROJECT: NORTHERN TURNPIKE MAINLINE/SR 91 WIDENING PROJECT FROM SR 50/CLERMONT TO HANCOCK ROAD/MINNEOLA (MILEPOSTS 273 TO 279)

DETAILS: Florida's Turnpike Enterprise is widening Florida's Turnpike/SR 91 from four to eight lanes from SR 50/Clermont to Hancock Road/Minneola in Lake and Orange counties.

DESCRIPTION: This project includes constructing a new Fosgate Road bridge over the Turnpike. The bridges at CR 438 and CR 455 will also be replaced, as well as the Turnpike bridges over Jones Road, Old Highway 50 and Blackstill Lake Road. The West Orange Trail bridge over the Turnpike will be replaced with a prefabricated structure. New electronic tolling gantries and buildings will be installed, and the existing toll booths and canopies at the SR 50/Clermont entrance and exit ramps will be demolished. Safety improvements for this project include a new Intelligent Transportation System (ITS), signage, pavement markings, signalization, lighting, and drainage.

The construction cost of the project is estimated at \$162.3M. The project is anticipated to be completed in mid-2026.

CURRENT ACTIVITIES: The contractor has completed the CR 438/Oakland Avenue bridge demolition, and reconstruction activities are now underway, including construction of the new bridge's foundations. Other work within the project limits includes clearing and grubbing operations, temporary pavement installation for the southbound outside and inside shoulders, temporary concrete barrier wall installation, removal of median guardrail, placement of temporary and permanent sheet pile walls, temporary ITS relocation, utility relocations, and hauling and placement of borrow material at southbound embankment locations.

CONTRACTOR: Jr. Davis Construction Company

PROJECT: NORTHERN TURNPIKE MAINLINE/SR 91 RESURFACING AND SAFETY IMPROVEMENTS PROJECT FROM MILEPOST 297 TO MILEPOST 309

DETAILS: Florida's Turnpike Enterprise is resurfacing Florida's Turnpike/SR 91 from north of CR 470 to Interstate 75, in Sumter County.

DESCRIPTION: This project will resurface the roadway and includes the resurfacing of entrance and exit ramps at US 301 (Exit 304), new guardrails, signage, and pavement markings.

CURRENT ACTIVITIES: The contractor is continuing paving operations. Through November, the focus will be on the southbound inside lane and shoulder along with the northbound inside lane and shoulder. Drainage activities are also planned, and include installation of three partial structure tops. ITS work is also anticipated to begin in mid-to-late November, along with desilting and repair of box culverts.

The construction cost of the project is estimated at \$11.5M. The project is anticipated to be completed in mid-2022.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities
