Dear Mr. Woods:

Subject: REQUEST FOR TRANSPORTATION IMPROVEMENT PROGRAM CHANGES

The Florida Department of Transportation (FDOT) requests the following changes to be made to the Lake-Sumter Metropolitan Planning Organization's Adopted Fiscal Years 2020/2021–2024/2025 Transportation Improvement Program (TIP) and Fiscal Years 2021/2022 – 2025/2026 in coordination with the corresponding changes to the Department's Adopted Work Program. These projects are not in the roll forward report and federal agencies will not recognize the "new TIP" 2021/2022 – 2025/2026 until October 1, 2021. Please make sure that you put the amendment date on your cover page of the amended TIP and the page of the TIP that the project is listed on.

Grants and Miscellaneous	FTA	\$1,598,724	2022
Grants and Miscellaneous	LF	\$399,681	2022

Difference: New Transit Project with Phase 94 (Capital Grant) funds added in FY 22. Both TIP documents must be updated to reflect new project and added funding.

The funds on 449239-1 are for the Lake County Board of County Commissioners discretionary use, specifically for capital projects and needs due to the pandemic. This project is partially local funded, although there is no match requirement for all Covid relief funding nationally.

TIP Amendments:

Amendments to the TIP are reviewed by LSMPO's advisory committees for input. In addition to the public comment periods provided during each committee meeting, opportunities for public comment are also a standard part of each Board meeting, prior to Board action. During the review process and following Board adoption, the proposed amendment is electronically published.

Public input considered in the development and maintenance of the TIP includes the comments and recommendations of LSMPO committees and the public at large as well as input received during the public comment periods. LSMPO complies with statutory planning and programming requirements [23 U.S.C. 134/49 U.S.C. 5303 (j) (1) and 23 U.S.C. 135/49 U.S.C. 5304 (g) (2)] that call for continuing consultation and coordination with partners, MPOs, and non-metropolitan local officials, and federal and state agencies.

INTERAGENCY COOPERATION AND SUPPORT

LSMPO actively assists local governments and transportation agencies in the development and implementation of public participation techniques for transportation planning and other related studies. For example, during the LRTP and TIP development processes, LSMPO will assist Lake County Public Transportation (Lake Xpress) with their Federal Transit Administration (FTA) requirement for Section 5307 Program of Projects public involvement by including the following statement in advertisements and/or other collateral materials as appropriate:

Emergency TIP Amendments

Most amendments to the TIP receive a review (as outlined in Table 5) before entering the program. Exceptions are made when an emergency amendment must be approved prior to the next Board meeting for the amended project to receive funding. In these cases, the LSMPO Executive Director is authorized to approve the amendment and sign a corresponding resolution on behalf of the board without having to call an emergency meeting of the Board. The Executive Director's approval of the amendment then must be provided to advisory committees as an information item and ratified at the next regularly scheduled board meeting.
