2015	SCHEDULE
June	Public Workshop
July	Regional Discussions at MPO Task Force Meetings
August	Draft Cost Feasible Plan
September	Strategies and Targets
October-November	Public Comment Period for Draft 2040 Plan
December	Plan Adoption by Governing Board

The Lake~Sumter Metropolitan Planning Organization (MPO) is updating the long-range transportation plan and we would like to hear what you think. The Plan, known as Transportation 2040 will provide a policy framework to guide the expenditure of Federal and State funding for transportation projects between 2020 and 2040

As required by federal law, we update the plan every five years to ensure the plan reflects the changing transportation challenges and conditions of our region as well as changes in projected Federal and State funding.

The success of this transportation plan is based on public involvement, so we value your input! Your participation is welcomed throughout the development of the plan.

**PROMOTING
REGIONAL
TRANSPORTATION
PARTNERSHIPS**

(continued from front)

At the June workshops we want **your** input. You can help us decide!

Where should money be spent?

- Creating new roads
- Widening existing roads
- Optimizing the existing system
- Creating more multimodal opportunities
- Creating bike and pedestrian paths and trails, and enhanced transit facilities

What Projects are most important?

- Creating new roads
- Enhancing transit
- Bike and Pedestrian paths, trails and facilities
- Optimizing our existing system
