III. CONSENT AGENDA

Consent approval is requested of the following items:

- A. Consideration to approve **June 17, 2026, MPO Governing Board Meeting Minutes**
- B. Consideration of Approval for the **Quarterly Financial Report** as presented by Milestone Professional Services.
- C. Approval to move the December Governing Board meeting from December 9th to December 16, 2026, at 2:00 pm.
- D. Replace current Lake County Transportation Disadvantaged Coordinating Board member Joanne Seagle, representing the elderly to the Citizen's Advocate/User of the System role.

IV. ACTION ITEMS:

- A. **Recommendation of Retroactive Approval for **Emergency Resolution 2026-12** Amending the 2027-2031 Transportation Improvement Program (TIP).** The MPO processed an Emergency TIP amendment as per MPO Bylaws to include the Roll-Forward projects from the FDOT Work program for fiscal year 2027 and added funding for the Morse Blvd. Bridge Repair.

- The Roll Forward TIP Amendment is an annual administrative action that updates the local Metropolitan Planning Organization's (MPO) TIP so its first year matches the first year of the Florida Department of Transportation's (FDOT) Adopted Five-Year Work Program.
- Uncommitted Funds: Certain projects planned for authorization and funding before the state fiscal year closes on June 30 are delayed or unencumbered.
- Automatic Roll Forward: These delayed projects automatically roll forward into the new FDOT Work Program on July 1, but they do not automatically update in the local MPO's TIP
- Consistency: The amendment aligns the local TIP with the state work program so that federal funding can be formally re-authorized before the new federal fiscal year begins on October 1.
- No New Money: This process carries over existing, previously authorized project funds rather than allocating new revenue.
- Routine Process: MPOs across Florida process these updates through mid-to-late summer (typically July through September).
- Federal Approval: While MPOs can approve the local amendment immediately upon receiving FDOT's report, the Federal Highway Administration (FHWA) officially recognizes the updated approvals after October 1, 2026.

Date | Time: October 28, 2026 | 2 PM

Member jurisdictions are requested to submit their updated appointment actions or confirmation of re-appointments to the MPO staff as soon as possible to ensure accurate rosters for upcoming voting sessions.

For scheduling details, please refer to the official calendar or contact MPO staff directly.

- B. Congestion Management Process Dashboard Phase 2 Update.** MPO consultant team will be updating the new CMP Dashboard and wants to survey the TAC for any changes or revisions needed. CMP Phase 2 Updates will include:

- Updating the CMP Forecast using 2025 existing CMP data from Phase I and other historical data using previously developed 2023 State of the System methodology to develop projections for 2030. Projections to be developed for 2030 will include Average Annual Daily Traffic (AADT), Truck Volumes, Congested Corridors, and Level of Service (LOS).
- Updating the Dashboard to include filters for most recently adopted Transportation Improvement Program (TIP) projects, List of Priority Projects (LOPP), Vision Zero High Injury Network, and Vision Zero Crash Data.
- Updating the CMP Goals, Objectives & Performance Measures based on the 2050 Long Range Transportation Plan.
- Develop a Virtual CMP Lunch & Learn Forum, to help members and the public get full use of the CMP dashboard.

- **CMP Dashboard**

- **CMP Presentation**

- C. 2026 List of Priority Projects (LOPP) Review and calendar for the 2027 LOPP Development**

The annual List of Priority Projects (LOPP) is a critical step in the process of planning, programming and implementing the highest priority transportation projects within the Lake~Sumter Metropolitan Planning Organization (LSMPO) planning area.

The LOPP is the bridge between the Long-Range Transportation Plan and the annual selection of projects to program for funding in FDOT's Five-Year Work Program and LSMPO's Transportation Improvement Program (TIP). » Projects in the LOPP are the highest priority unfunded needs in the MPO area.

Each MPO is required to annually develop a LOPP and submit it to FDOT, along with the necessary project information. The 2027 LOPP will be used by FDOT to determine projects that might be added to the next Tentative Five-Year Work Program. It will similarly guide LSMPO's development of the TIP for the same period
